## Egypt And Israel Sign Armistice Agreement Today

Climax To Negotiations Conducted During Past Six Weeks At Rhodes

### OTHER AGREEMENTS ARE NOW EXPECTED (BULLETIN)

RHODES, Feb. 24.—(INS)—Egypt and Israel today signed an armistice agreement aimed at restoring permanent peace to war-weary Palestine.

The historic signing ceremony at the Hotel Des Rhodes on the Island of Rhodes was regarded as the initial step toward eventual settlement between Israel and the six other Arab league nation.

The agreement was reached after six weeks of intense negotiation under the guidance of acting United Nations Mediator Ralph J. Bunche, who will conduct talks between Trans-Jordan and Israel starting Monday. Iraq and Saudi Arabia have already indicated their willingness to abide by the Egyptian armistice while Israeli pacts with Syria and Lebanon are believed imminent. Yemen—the seventh Arab state which warred on Israel—was never a factor in the nine-month war which saw the Zionist army triumph over its Middle East neighbors.

### Retain Part of Desert

Under terms of the armistice, Israel will retain most of the contested southern Palestine Negev desert. The fledgling state—which had ambitious plans to develop the area with colonists—received the Negev lands awarded under the U.N. partition plan, and other localities occupied during two lightening offensives in 1948.

In effect, the Israelis now control almost the entire Negev, which is reportedly rich in un-

## PA NEWS OBSERVES

Mrs. G. C. Covert of Walpole reports to Pa News that she discovered a pair of Killdeer in her yard this morning. She also reported seeing a number of blackbirds on Wednesday.

Farmers of Lawrence county who have apple orchards are getting a jump on the season, due to this mild weather. Several orchards were being pruned on Wednesday, in various parts of the county, Pa News is told.

Lawn fixing is also far ahead of the usual stage, it is noted. At several places grass seed was being planted yesterday in preparation for the coming spring. Grass, by the way, in many locations is quite green at the present time. Local pilots have been taking to the air quite frequently in the past few days, due to the excellent flying weather afforded them. Generally at this time of the year most of the craft stationed at the airport are grounded due to unfavorable flying conditions.

Although the weather is balmy like, state highway employees continue to haul load after load of cinders to add to the mountainous piles along the state routes in the county. About three carloads a week are being received here and must be taken care of.

Boys and girls in the grade schools about the city are enjoying their outdoor recess periods these days due to the cooperation of the weather man. Normally during the winter months very little outdoor exercise is obtained during the recess times. Baseball, softball and other sports are being indulged in by the youngsters.

## Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a.m. today follow:

Maximum temperature, 41.  
Minimum temperature, 32.  
No precipitation.  
River stage, 9 feet.

Statistics for the same date a year ago follow:

Maximum temperature, 43.  
Minimum temperature, 23.  
No precipitation.

## Actress Identifies Some Stolen Loot

“Yes, they’re mine,” exclaims movie actress Loretta Young as she identified part of the loot recovered from Gerald G. Dennis. Miss Young went to Beverly Hills police station to look at furs and jewelry seized when police raided Dennis’ apartment here.

## More Changes Urged By Hoover Commission

By FELIX COTTEN  
(U. S. Staff Correspondent)  
WASHINGTON, Feb. 24.—The Hoover commission recommended today that modern budget and accounting systems be installed in the government in place of existing practices, which it assailed as wasteful, confusing, and “totally inadequate.”

The 12-man group, headed by former President Hoover, said the new structure which it proposed would reveal two things:

1. On the budget side, what the government intends to do with funds Congress is being asked to appropriate.
2. At the accounting end, what the taxpayer got for the money after it was spent.

The commission said, in its seventh report to Congress on government reorganization, that methods now in use by the government disclose neither of these things.

It proposed 13 budget and accounting reforms. But the group was by no means unanimous. It split several ways in its views and several of the commissioners’ sub-

## New York Facing Mounting Threat Of Power Blackout

Strike Votes Will Be Taken Tonight; Tie-Up May Develop By Next Tuesday

NEW YORK, Feb. 24.—(INS)—New Yorkers face the mounting threat of a paralyzing power blackout by next Tuesday. Negotiations between the Consolidated Edison Co. and 28,000 CIO employees collapsed when an offer by the company to arbitrate wages was rejected by the union. Strikes votes will be taken tonight.

A union spokesman warned that a walkout would turn most of the metropolitan area into “a dead city—a highwayman’s paradise.” Mayor O’Dwyer, expected back from a Havana vacation Sunday night, is expected to call both sides into immediate session and demand postponement of the strike deadline.

Should the mayor’s intervention fail on this point, he probably will ask the government for an 80-day cooling-off injunction under the Taft-Hartley law.

### TWO ARE SENTENCED

TOKYO, Feb. 24.—(INS)—Two members of the U. S. occupation forces in Japan were sentenced by a court martial today to life terms at hard labor for the rape of a Japanese woman.

The men are air force Sgt. Robert W. Mickle of Conneaut, O., and Pvt. Calvin W. Tice of Hazel Park, Mich.

### FARRELL MAN KILLED

SHARON, Pa., Feb. 24.—(INS)—Michael Matusick, 55, of nearby Farrell, was killed today when he was struck by an automobile while walking to work at the National Malleable and Steel Castings Co. Police said the 19-year-old driver of the car was being held under \$1,000 bond.

## Will Confer On Atlantic Pact Final Wording

Acheson To Meet Ambassadors Of Foreign Powers To Determine Action

### U. S. SUPPLY OF ARMS IS VITAL

By JOHN A. REICHMAN  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 24.—European participants in the proposed North Atlantic alliance were reported today to be apprehensive that arms necessary to protect their security will not be forthcoming from the United States.

This development arose as ambassadors of the foreign powers concerned were scheduled to meet today with Secretary of State Acheson for a conference on the pact’s final wording. A heavy cold which confined Acheson to his home could delay the meeting.

### To Allocate Billions

Under legislation now being planned for presentation to Congress around the end of March it is proposed to allocate about one billion dollars for European rearmament.

Foreign recipients of this assistance, however, are fearful that the supplies under this measure will come too late and not include the equipment most needed.

There also is some fear in French circles that the allocation will be too late for the French government to include its share in attempting to set up a defense budget.

### Program Slackens

Since General George C. Marshall stepped out as Secretary of State there has been a general slackening in the program to rearm Europe. This is attributed in part to the fact that any immediate attack by Russia is less feared now than it was six months ago.

At that time the Berlin blockade was still in its formative stages. Officials were uncertain about Russian intentions. It was felt that perhaps the politburo had decided that it would be better to fight the west at that time than to wait until Europe was strong again.

### Fear Has Lessened

That fear has lessened in recent months. But it is still felt that western Europe will not be able to achieve complete recovery until it regards itself as secure from a possible Soviet attack.

Official thinking has been that, for the immediate future, all that can be supplied to Europe is rifles, machine guns and similar light equipment which are in surplus supply.

Hindering the development of the rearmament program is the fact that the equipment most wanted will have to be integrated with the procurement program of the armed services.

And this program depends on budget developments, including the sort of tax bill Congress gives President Truman.

## Margiotti Taken To Hospital; Trial Closing Delayed

Delay Is Caused In Murder Trial Of 18-Year-Old Girl In Pittsburgh

PITTSBURGH, Feb. 24.—(INS)—Defense attorney Charles J. Margiotti was ordered to a hospital today for “observation” causing a delay in delivery of the closing addresses in the murder trial of 18-year-old Deloris Waldo in Pittsburgh.

The attorney was suffering from a bad cold Wednesday, and his voice was strained and husky as he questioned the last witness in the 18-day-old murder trial.

Judge Sara M. Soffel granted the delay this morning after talking with Margiotti at his home.

Moved To Hospital  
He had retired to his suite at the William Penn hotel in downtown Pittsburgh immediately after court adjourned yesterday. After a physician administered a hypodermic injection, he was removed to his home and confined to bed.

Margiotti told newsmen this morning before being moved to the hospital that his closing address will take about three hours. Since he has handled the juvenile court ward’s defense personally, he said, it would be difficult to delegate delivery of the closing address to an aide.

The girl is accused of fatally burning and beating her aunt, Mrs. Gertrude Norris, last May 29.

## Woman Deported From Russia Arrives At New York

Anna Louise Strong, American journalist kicked out of Russia for “espionage”, is greeted by two FBI agents on her arrival at La Guardia airport, New York. The agents served her with a subpoena to appear before a federal grand jury which is investigating Communism in the United States.

## Marshall Plan Query Is Placed Before Truman

Asked About Continuing To Pour Resources Into Great Britain

(BULLETIN)

WASHINGTON, Feb. 24.—(INS)—President Truman declared today that if European recovery proceeds at the rate indicated by British estimates, Marshall Plan aid may end before the expiration of the authorized four years.

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

WASHINGTON, Feb. 24.—President Truman declared today that the United States will keep the Marshall Plan going until European recovery is achieved.

The President made this emphatic statement at his news conference.

His assurance of the continuation of the European recovery program came in response to a statement by a reporter that a British spokesman said that England’s recovery from the effects of the war is now almost complete.

Mr. Truman was asked, in view of this statement, whether the United States should continue to pour its resources into England under the Marshall Plan.

### Blunt Reply

The President replied bluntly that the Marshall Plan should be continued until European recovery is assured.

The Chief Executive said he is very happy that England is on the road to recovery and he hopes what the British spokesman is reported to have said is entirely true.

The President was then asked whether he meant that the Marshall Plan should be continued.

## Hungary Trials To Start February 28

BUDAPEST, Feb. 24.—(INS)—The Hungarian government announced today that 14 alleged accomplices of Josef Cardinal Mindszenty will stand trial on February 28 on charges of illegal currency dealings.

The 14 persons, who will appear before a “workers court,” include three Roman Catholic priests, 10 bankers and brokers, and Dr. Gabor Horvath, secretary to Prince Paul Esterhazy, a co-defendant of the imprisoned cardinal.

### DEATH RECORD

Thursday, February 24, 1949

Mrs. Charles E. Zeigler, 76, Ellwood City.  
Miss Grace Ellen McClelland, 430 County Line street.

## Woman Deported From Russia Arrives In U.S., Blames “War Hysteria”

NEW YORK, Feb. 24.—(INS)—Anna Louise Strong arrived at La Guardia Field this morning, was served immediately with a federal grand jury subpoena and launched into an angry tirade against the American press.

Weary, and at times seemingly confused and bitter, the pro-soviet journalist blamed her expulsion from Russia on “war hysteria” which she said has been stirred up by the American press.

### Denies Charges

She flatly denied Soviet charges that she was an American spy in Russia and explained her ouster this way:

“I was very energetically seeking for information, which I considered part of my journalistic job.

## Yugoslavia In Surprise Move

Demands Against Austria Are Modified In Peace Treaty Negotiations

LONDON, Feb. 24.—(INS)—Yugoslavia substantially modified its demands on Austria today in a surprise move before big four representatives attempting to negotiate an Austrian peace treaty.

Ales Bebler, Yugoslav delegate, told the deputy foreign ministers in London that his country is dropping its demands for Austrian reparations and 150 million dollars in reparations.

Instead, he asked that the deputies agree to a “conpromise,” which would make part of Carinthia an autonomous state within Austria and would give Yugoslavia “substantial reparations.”

The deputies adjourned their meeting until Monday when Austrian Foreign Minister Karl Gruber will reply to Yugoslavia’s demands.

## Report 23 Killed In Airliner Crash

HONG KONG, Feb. 24.—(INS)—Twenty-three persons were reported killed today in the crash of a Cathay Pacific airliner near Reopul Bay in northeastern Australia.

Dispatches reaching Hong Kong said that seven bodies were recovered from the wreckage of the DC-3 which was consumed by fire after it crashed in hilly country near the bay.

The plane—believed to have left from Manila—carried 19 passengers and four crewmen.

## Hunt Suspects In New Orleans Murder

NEW ORLEANS, Feb. 24.—(INS)—Possible suspects in the slaying of multi-millionaire James A. Mahoney were being rounded up today in a far-flung search for the Miami Grap killer of the Virginian.

Detectives were en route to Mobile, Ala., to return two men and a young woman to New Orleans, where the 56-year-old Bristol, Va. bachelor was found brutally beaten and strangled to death in his Vieux Carre (French quarter) hotel room Tuesday morning.

Police said the description of one of the men held by Alabama authorities—Augustus H. Cottrell, 44, of Washington, D. C.—allied with that of a man seen drinking with Mahoney a few hours before he was murdered.

## Lange Reports To Norway On Atlantic Pact

Reaffirms His Faith In Proposal As Real Instrument Of Peace

### NO PRESSURE BY WESTERN BLOC (BULLETIN)

OSLO, Feb. 24.—(INS)—Norwegian Foreign Minister Dr. Halvard Lange reaffirmed his faith in the North Atlantic Pact as a real instrument of peace today. He ruled out a separate Scandinavian defense alliance as impractical.

Lange told the Norwegian parliament that his recent discussions in Washington and London convinced him that mere neutrality and small regional agreements cannot be effective.

He said: “The solidarity of limited smaller units and a neutral attitude cannot have the necessary effect of preventing war.”

### No Pressure From West

Lange stressed that no pressure is being exerted on Norway to compel her to join the western bloc. He said:

“Both in Washington and London there is no desire to influence our decision or exert pressure upon us. It is entirely up to us to decide whether we join the pact immediately, or whether we wait until the pact is fully prepared, and join later, or not at all.

“We must take this decision on the basis of our own considerations. The Atlantic Pact is to be a voluntary union of free people’s.”

Lange added that Norway is still considering a reply to Soviet offers of a non-aggression pact. The Russians made the offer in an effort to dissuade Norway from joining the west.

### Denmark Delays

In Copenhagen, Danish Premier Hans Hedtoft said that Denmark must postpone any decision about joining the Atlantic Pact “until its contents are fully known and (Continued on Page Two)

## Bus Company Is Ordered To File New Rates

(BULLETIN)  
HARRISBURG, Feb. 24.—(INS)—The Public Utility Commission today ordered the Shenango Valley Transportation Company to file new tariffs reducing annual revenues approximately \$39,000 a year.

The company operates in Sharon and New Castle.

The commission’s order supercedes one dated March 2, 1948, which called for a \$93,900 reduction.

The PUC directed the utility to file the amended rate schedule within 20 days from date of notification.

The commission limited Shenango’s annual return to \$643,364 and said the company’s revised rates (Continued from Page One)

# Redondo Beach Being Battered

(BULLETIN)  
REDONDO BEACH, Calif., Feb. 24.—(INS)—Redondo Beach ocean front residents prepared to move to higher ground today as the "worst surf in 20 years" battered the seawall and tossed boulders into the second stories of buildings along the strand.  
The mountainous ground swells battered the shoreline as a new storm moved into southern California from the northwest, bringing rain over a widespread area.  
Residents were awakened at 3 a. m. (PST) by the pounding surf smashing against the breakwater. An hour later the rising tide surged into homes and store buildings. Four feet of water flooded Hermosa avenue.  
Police said that the rampaging surf was the "worst in 20 years."

# MARSHALL PLAN QUERY IS PLACED BEFORE TRUMAN

(Continued from Page One)  
shall Plan should be continued through the full four years, as originally planned.  
Mr. Truman said if it takes four years, certainly it should be continued for that period; if European recovery can be achieved in less than four years, that will be a very happy situation.  
The President read a specially prepared statement expressing "gratification" at the announcement from the Island of Rhodes that an armistice had been signed between Israel and Egypt.  
Within 50 years, North Carolina has produced a living for one-third of its people from industries that before were new to the state—wood, textiles and tobacco.

The rat population of the United States was put at 130,000,000 by the Fish and Wildlife service as of Jan. 10, 1947. This means almost one to each person in the country.

# LANGE REPORTS TO NORWAY ON ATLANTIC PACT

(Continued from Page One)  
considered," he said, however, that Denmark's sympathies lie with the western nations.  
Lange said that the western European democracies must be reconstructed economically, socially and culturally through organized and lasting cooperation in order to secure lasting peace. He added: "Peace must also be consolidated politically."  
**Solely To Preserve Peace**  
The foreign minister said that his conversations in Washington convinced him that the Atlantic Pact is aimed solely at preserving peace, giving its member states a greater measure of security. In answer to Soviet charges that the treaty is an "aggressive" one, he said: "It has no offensive front against anyone."  
Lange continued: "We have reason to believe that from a security point of view the participating countries will be united as closely as is consistent with the political and constitutional conditions prevailing in individual countries."  
**No Request For Bases**  
"We have been assured that it is never in the thoughts of the United States to request bases in Norway in peacetime and that there will be no request for joint bases with nations in the pact."  
"Without a doubt the Anglo-American governments understand our situation better as the result of our talks. But this understanding does not alter their attitude that a separate alliance in the form of a Scandinavian defense union could not possibly expect political and material support from the west."

can become effective upon five days notice after PUC approval.  
The schedule proposed by Shengango called for an annual return of 6682.500.  
Since 1939, the PUC reported, the company has charged a 10 cents cash fare, sold eight tokens for 50 cents and offered a \$1 transferable weekly pass.  
"Under those rates," the PUC said, "operations have been consistently profitable as indicated by recorded costs of the company's utility property, less book reserve for depreciation at the start of each year, compared with net income and dividends.  
The reduction was ordered, the commission announced, "after consideration of the company's latest available rate base data, operating revenue and expense experience submitted in a PUC investigation."  
The first plastic was celluloid, made in 1868. It was used for collars, sleeve protectors, billiard balls, toys and toilet articles. In 1907 bakelite came and was used for telephones.

# MORE CHANGES ARE URGED BY COMMISSION

(Continued from Page One)  
mitted separate statements, including Hoover and Secretary of State Acheson, who is vice chairman.  
In place of the present budget, the commission majority recommended a "performance budget" in which the chief aim is to state the function or activity, and to tie together in one piece all the money requested for this purpose.  
A number of states and municipalities, the group recalled, are ahead of the federal government in adopting this form of budget practice.

**Extreme Example**  
The national naval medical center at a Bethesda, Md., was cited as an extreme example of how the present budget operates.  
The commission said this hospital receives allotments from 12 different navy appropriations, so that it is impossible to find out its operating costs.  
The group proposed that an accountant general be established under the treasury secretary with power to prescribe and enforce accounting procedures, subject to approval by the comptroller general.

Far-reaching changes in accounting practice also were recommended in the interest of uniformity, simplicity and shearing away "red tape."  
Other proposals:  
The president should have authority to reduce expenditures below appropriations as long as the purposes for which Congress voted the money were carried out.

**In Two Categories**  
Budget estimates of all operating departments and agencies should be divided into two categories—current operating expenditures and capital outlays. The present mingling of these expenditures are a source of "constant confusion in federal budgeting."  
Congress should undertake with delay "a complete survey of the appropriation structure." The present structure is "a patchwork affair" which follows "no rational pattern."  
The enlarged budget office, which the commission already has recommended, should establish closer relations with the president's personal staff, the treasury department, the economic adviser and the national security resources board than the existing budget bureau maintains.

**Supervise Publications**  
The president should be given authority to supervise all publications of the executive branch. Its printing bill in 1947 was \$47,500,000.  
The practice in field offices of sending millions of expenditure vouchers and supporting documents to Washington should be dropped so far as possible. Instead, a spot sampling process should be set up.

In place of surety bonds for 558,000 accountable officers, a fidelity insurance fund should be set up in the treasury to which the officers would be required to contribute.  
The commission said "serious weakness" exist in government fiscal operations which "penetrate into the heart" of every transaction.  
Some of the government's fiscal concepts, it declared, come down from Alexander Hamilton, and were "Archaic" when expenditures were only one-tenth what they are now.

**BUS COMPANY IS ORDERED TO FILE NEW RATES**  
(Continued from Page One)  
can become effective upon five days notice after PUC approval.  
The schedule proposed by Shengango called for an annual return of 6682.500.  
Since 1939, the PUC reported, the company has charged a 10 cents cash fare, sold eight tokens for 50 cents and offered a \$1 transferable weekly pass.  
"Under those rates," the PUC said, "operations have been consistently profitable as indicated by recorded costs of the company's utility property, less book reserve for depreciation at the start of each year, compared with net income and dividends.  
The reduction was ordered, the commission announced, "after consideration of the company's latest available rate base data, operating revenue and expense experience submitted in a PUC investigation."

# EGYPT AND ISRAEL SIGN ARMISTICE AGREEMENT TODAY

(Continued from Page One)  
tapped minerals and oil, as well as being a potential agricultural area.

**Coastal Strip**  
Egypt retains a small coastal strip running from Gaza to Rafah, astride the Egyptian-Palestine border. In this area she will be allowed to keep defensive forces. However, Egyptian forces in the Bethlehem-Hebron area, south of Jerusalem, are to be withdrawn. The isolated Egyptian garrison at El Faluja will likewise be evacuated.

Israel's chief concessions are the withdrawal of troops from the Negev localities of Beit Hanun, north of Gaza, Bir Asluj, and El Aujia. The latter will become the seat of a special "mixed armistice commission" composed of three delegates from each side and the chief of the U.N. staff.  
The commission, which will probably be headed by U.S. Marine Corps Brig. Gen. William E. Riley, will supervise implementation of the armistice.

Division Leaders  
Complete Plans  
Red Cross campaign chairman Harry Helmick met with 21 of the division leaders in a Harlansburg tea room Wednesday evening to complete plans for the annual drive which starts March 1.  
After enjoying a fine chicken dinner, the group held an informal meeting to discuss the campaign organization and to arrange delineation of different sections such as business and residential.  
Chapter Chairman S. Glenn McCracken also gave a short talk to the division captains.  
The budget this year has been set at \$27,500 and with the best efforts of all, from the chairman through small individual contributors, that goal will be reached, added the campaign chairman.

### ROBERTS-WITHERS DATE IS REVEALED

Mr. and Mrs. G. T. Roberts of 127 Englewood avenue entertained a group of friends in their home to announce the engagement and forthcoming marriage of their daughter Jane to Donald E. Withers, son of Mr. and Mrs. W. E. Withers of 1202 Highland avenue.

The evening was spent playing Ho-Bo Rummy, with prizes going to Mrs. R. L. Skuse, Mrs. E. W. Gossler of Sharon, Mrs. Howard Tindal, Mrs. Richard Cowden and Miss Joanne Taylor.

A last lunch was served in the dining room, carrying out the bride-elect's chosen wedding colors of yellow, white and green. A spring bouquet graced the center of the table. The buffet held a miniature telephone building, poles, wires and messages on the wires. Black paper french-type telephones marked each place revealing Jane and Don—5-21-49 on the dial.

The engagement will terminate in an open church wedding May 21 at 2:30 in the First U. P. church.

Miss Roberts is employed in the district plant office of the Bell Telephone company and Mr. Withers is employed in the plant installation department of the Bell Telephone company.

### BESSEMER LEGION AUXILIARY MEETS

Ladies auxiliary of the American Legion No. 638 of Bessemer met in the Legion Home for its monthly meeting Monday evening. Mrs. Olga Grimes and other ladies gave the report of the County Council. Request was made for men's white socks, size 10, which will be sent to the veterans hospital by the council.

Following the meeting, a program on Americanism took place with Mrs. Helen Kinney and Mrs. Marion Shaffer speaking. Mrs. Helen Summers played records of the story behind the "Star Spangled Banner". A delicious lunch was served by the committee to conclude the meeting.

#### Install Officers

Women's Missionary society of the First Church of God, Euclid avenue, had charge of the worship service Wednesday evening at the church. Chairman of the evening program was Mrs. Alberta Mitchell with devotions led by Mrs. Ida Schreckengast. A candlelight installation service took place, with Miss Mary Cummins appointed as installation officer.

Officers installed were: president, Mrs. Loretta Boyer; spiritual life director, Mrs. Ida Schreckengast; missionary education director, Mrs. Alberta Mitchell; stewardship director, Mrs. Agnes Cummins; membership director, Mrs. Ruth Bromley; secretary, Mrs. Dorothy Bromley; treasurer, Mrs. Mabel Leonard; historian, Mrs. Elsie Robinson, not installed.

Mrs. Ruth Bromley favored with a solo, with Mrs. Lester Stewart at the piano. The latter played several piano selections. Rev. Vance Schreckengast offered the prayer of consecration and an appropriate sermon.

#### 1939 Sewing Circle

Mrs. Angelo Carbone, 836 Beckford street, received the 1939 Sewing Circle, Wednesday evening in her home.

Crocheting and other informal pastimes were held. Mrs. Guy Francis captured the club token. Special guest was Mrs. Angelo Galmarino.

Plans were made for a supper on Sunday, with husbands to attend as guests.

The hostess was later aided by her daughter, Connie, in serving a last lunch.

March 16, Mrs. Vito Pizzitola, of Harrison street, will entertain the group.

#### Friday

Sorosis, Mrs. Louis H. Gordon, 218 East Leasure avenue. A.G. Mrs. Charles Micco, Garfield avenue.

### RAINBOW BOARD TO HAVE DINNER FRIDAY

Members of the Advisory Board of the Order of the Rainbow for Girls, will have their monthly meeting on Friday evening, Mrs. Evelyn McKibben, president of the board announced today.

The business session will be preceded by a dinner in a local dining room, on the Diamond.

### HADASSAH CHAPTER DESSERT MEETING

New Castle Chapter of Hadassah conducted their dessert-meeting Tuesday afternoon at Temple Israel.

America was sung, followed by a prayer read by Mrs. Gus Slovinsky. Reports were heard from the various chairmen. Mrs. M. Fineberg read a paper entitled "Profiles," which was about the people of Palestine.

Mrs. Frank Baron offered the musical portion of the program, accompanied by Mrs. Leonard Smith. She sang "As Years Go By," "Strange Music" and "Falling in Love with Love."

Hatkvah closed the meeting until the next session.

### MERRY MAMS CLUB HONORS MEMBERS

Mrs. Clement Gardner, of 1022 Cunningham avenue, was feted at a lovely shower party, given by members of her club, the Merry Mams, Wednesday evening.

Card playing and informal chat occupied the early evening hours. The hostess was later presented with a useful and lovely gift from the club.

The hostess' mother, Mrs. Clara Colella attended as special guest. At a later hour, the group prepared a tasty lunch, served from tables which were nicely arranged.

March 8, is the next meeting with Mrs. Walter Morgan, Rose avenue.

### ARMSTRONG-RICHARDS ENGAGEMENT IS TOLD

Mr. and Mrs. Reed A. Armstrong, of R.D. 6, announce the engagement of their daughter, Lois Marian, to Thomas W. Richards, son of Mr. and Mrs. W. Sidney Richards, of 1023 Winslow avenue.

There has been no date set for the wedding.

#### Mademoiselles Club

Mrs. Victoria Ascione entertained members of the Mademoiselles club in her home Wednesday evening.

A short business meeting was held with Mrs. Ascione as president in charge. Later cards were played with high score going to Mrs. Edna Pezone and low score prize to Mrs. Frances Frenzel. A delicious luncheon was served later at table set tables with Mrs. Edna Pezone and Mrs. Frances Frenzel aiding the hostess. Mrs. Frenzel attended as special guest and received a guest gift.

The next meeting will be a theater party on March 9, with Mrs. Rose Fortuna as hostess.

#### Willing Workers Class

On February 22, the Willing Workers class of the Reorganized Church of Jesus Christ of Latter Day Saints, was pleasantly entertained by Mrs. Jack Clark, of 707 Monroe street.

The evening was spent in playing games and chatter. Mrs. Lamont Ryhal won the "Pig in a Poke." Later a delicious lunch was served by the hostess, aided by Miss Eleanor Clark and Miss McCune of County Line street.

Next social gathering will be in the home of Mrs. Bessie Schibik, 1013 Winslow avenue.

### McCLURE CLASS DINNER, PROGRAM

Delightful was the dinner party enjoyed by the McClure Bible class Tuesday evening in First Presbyterian church. Dr. Arthur Foster acted as master of ceremonies for the program that was offered between courses, served at tables decorated with the George Washington's birthday motif.

G. Wilfred Thomas led in singing by the group, while Edwin Williams served as accompanist. Mrs. Clinton Keagy pleased with a vocal selection. The group sang "Happy Birthday" for John McNeill who was presented with a gift by Mrs. Arthur Foster in behalf of the others.

Edward Kramer spoke on "My Experiences During the War," while Attorney Gilbert Long's subject was "The Grange." Remarks were made by Joel McKee, former teacher of the class. Dr. Robert F. Galbreath gave "Greetings to the Class" and George Ramsey, present teacher, spoke on "How to Better the Attendance."

Mr. McKee, Mrs. Ralph Jordan, Mrs. Keagy, Ernest Koch and Vern Dufford were winners of games.

Dr. and Mrs. Foster, Mr. and Mrs. J. B. Waddington and Mr. and Mrs. Arthur Clark, social committee, planned the party.

#### Birthday Party

Fourteen small children gathered in the home of Mr. and Mrs. Jack E. Matthews, of 472 Neshannock avenue, Wednesday afternoon, from 4 until 6, to help celebrate the sixth birthday of Douglas Randolph Matthews.

Games were played with prizes going to Richard Crowl, Harvey Theiss and Gary Seeger. Norma Lee Crowl won the door prize.

Delicious refreshments were served by the honoree's mother, Mrs. Jack Matthews, his grandmother, Mrs. Mae Matthews and two aunts, Mrs. John W. Crowl and Miss Jean Foster. The table was prettily decorated with small basket favors marking the places and centered with a large decorated cake reading "Happy Birthday, Dougie."

The honored guest was the recipient of many lovely and useful gifts.

#### 1940,500 Club Meets

Mrs. Clare Wallace, 1032 Beckford street, received the 1940,500 club, Wednesday evening in her home.

Tables of cards were in play, prizes falling to Mrs. Edward Spigler, Mrs. James Saylor, Sr., Mrs. Clare Wallace and Mrs. Leonard Saylor.

A dainty lunch was later served with Mrs. James Saylor, Sr., aiding the hostess.

## SEE-HOW AND KNOW-HOW

Under the Economic Cooperation Act the 16 Marshall Plan countries of Europe are primarily dependent on the material aid this country furnishes. As Russia well knows, many of these countries are getting into their stride. Their people are eating regularly and have clothes to wear. In some instances they are better off than they ever were in the past.

Industries are picking up where they left off in wartime. American machinery purchased with ECA grants or loans is humming in western Europe.

But the countries suffered setbacks other than the destruction of factory equipment. Industrial management rusted along with the broken gears. The skills of workmen deteriorated. The know-how fell behind technical developments in the United States.

Under the Marshall Plan, the ECA could help in the export of know-how to Europe. American engineers and scientists have gone abroad to work. Yet a one-way arrangement could not be enough. The act also encouraged Europeans to come to this country and see for themselves how Americans did what they wanted to do.

Five Danes at the Worth Steel Company plant, Claymont, Del., are learning all they can about a steel rolling mill. They have more than an academic interest in their studies. Soon they will be operating such a mill that has been shipped to Denmark from Ohio.

One-third of this team's subsidy comes from an ECA "counterpart fund"—a 50-50 arrangement between Denmark and the U. S. One-third is borne by the Danish firm they work for. The remaining third is underwritten by the Danish trade union to which three of them belong.

## UNQUIET MIDDLE EAST

Probably the most quiet place on earth is the North Pole. Those who can stand the climate and solve the food problem will have few worries there. But the remainder of the world, with few exceptions, is in turmoil. While the western world was distracted by a diversionary action in Berlin, the communists have won most of China, and there is Russian-inspired unrest elsewhere in Asia. And there are the Mediterranean and the Middle East.

Much of the news from that area is cryptic. But more is going on there than meets the eye. In December the premier of Egypt was assassinated. The other day five shots were fired at the shah of Iran, who was only slightly hurt. Last month Iraq and Greece had cabinet shakeups. There is reason to believe that Markos, leader of the communist forces in the Greek civil war, is one of the victims of a red purge.

These and scores of less impressive developments indicate that the Middle East is an uneasy as the rest of the world. Oil derricks thrusting up in a pre-industrial-revolution world of nomads were portent. Western civilization, with its hygiene, its literacy, and its economic insecurity, was beginning to invade.

How smoothly the Middle East undergoes the transition which is upon it will affect the world more than many observers realize.

## A BETTER USE, MAYBE?

Curtiss-Wright, working on atomic power for aircraft, don't say nothin' but must know somethin'. This firm and Secretary of Defense Forrestal just keep rollin' along.

In a booklet entitled "Span of Flight" the company has a chart showing speeds of significant types of flying machines. These speeds range—

Yep, they sure do. If the draftsman hadn't run out of paper they'd be ranging yet. Well, anyway, the speeds range from the Wright Brothers' 30 miles an hour, back in 1903, on up through the present jet speeds, to rocket speeds, to a good, round 10,000 m.p.h. for a "space ship" or "earth satellite."

Those who attempted to pooh-pooh an earth satellite are off their cosmic beam. Only a couple of weeks ago Mr. Forrestal himself put into his annual report something cute about an "earth satellite vehicle program."

The dope is that once the thing has zipped through the clutches of earth's gravity it will just sit up there in the sky like a splinter of the moon. Somebody in the Air Force has guessed it might keep up with the earth's rotation if propelled by molecular fuel. A pound of really high test stuff, he figures, might run it a year—if there were any such stuff—and if a year meant anything whatsoever in the interstellar spaces.

What's the thing for—"world domination" by furnishing a "platform for launching atomic rockets?" Gosh, it is to be hoped not. Most persons would rather see it do something pretty, like bursting with a fancy display of colored lights on a nice, coolish, Fourth-of-July night.

Inventor of the loudspeaker succeeded in getting a big sound out of a small voice. What is needed now is someone to develop a process for getting a big thought out of a small brain.

The fightingest spirit in America today is shown by the bureaucrat who asks for an appropriation of double the amount he hopes to get and then won't give in a fraction of a dollar on the sum.

# In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

The unbelievable ineptitude of Soviet propaganda since the Kremlin decided to abandon finesse in favor of the heavy hand was demonstrated forcefully today.

Never in all the long and tawdry history of smearing has anything quite so ludicrous appeared as the book reportedly written by renege Annabelle Bucar, intended to blow the lid off American diplomatic double dealing in Moscow.

**Doubt Girl Wrote It**  
Many observers who know this 34-year-old ex-employee of the U.S. embassy in the Russian capital have expressed serious doubts that she actually wrote a book called "The Truth About American Diplomats."

The actual authorship, however, is not important. Nor are the charges likely to survive even the most casual scrutiny.

What is significant and in a way dangerous is the obvious inclination of the Kremlin today to utilize the most elementary type of crude mudslinging in its efforts to douse the flickering spirit of democracy which a few months ago began to show its strength in a manner menacing to Soviet communism.

The Russians boast that they virtually have eliminated illiteracy in their country, so it may be assumed that the Bucar book will be widely read, partially through fanaticalism, partially through curiosity, and partially under compulsion.

Assuming that the bulk of the Russians can read, the question then arises as to what extent their judgment and logic have been aided or impaired by the Soviet curriculum.

The true tenor of Miss Bucar's book is shown by a charge that U. S. Ambassador Walter Bedell

Smith, a great gentleman, a soldier universally admired by the Soviet high command during the war, and a polished diplomat, peddled fountain pens, watches, cigarettes and suits of clothing on the black market.

**Tenor of Book**  
It is reflected further in her allegation that Bedell Smith sponsored and encouraged a system of intimidation inside the embassy rivaling those of Machiavelli or Richelieu.

But these things merely mean that the Soviets are swinging a bludgeon instead of wielding a rapier.

Charges of a really more serious nature that Miss Bucar makes stand up even less satisfactorily under study.

She claims that the embassy and its staff was one vast network of anti-Soviet espionage and she cites visits made by couriers to Vladivostok, Murmansk and Archangel. To Odessa, the Ukraine and Byelo-Russia which in point of fact she says were spying orgies.

If she is to be believed, accredited American diplomatic officials spent uncomfortable days on the Trans-Siberian railway peering out the windows for massed armies, droves of tanks and clouds of airplanes.

**Not Espionage Method**  
Even the most naive amateur must know that espionage never has been and never can be carried out that way. This certainly is true in any case of Russia, where trainmen never have had the slightest compunction to pulling down the blinds in the faces of startled passengers.

Miss Bucar made no attempt to explain her implication that Soviet military installations lie cheek-by-jowl with the trans-Siberian railway which as the only land route between Vladivostok and Moscow has been used for decades by diplomatic couriers and secret emissaries bound on business legitimate or otherwise.

Finally, nothing could be more obvious than the fact that this minor diplomatic employee was parroting all the worst things that Pravda and Izvestia have been able to fabricate within the last few months.

She certainly could not have thought for a moment of obtaining a sympathetic audience in the U. S. If any of the western democracies. It follows, therefore, that the book is a Kremlin propaganda plant designed to discredit American "imperialists" in the eyes of the Soviet people.

It is an awkward, clumsy uninspired attempt indeed. Someone high up must have decided that the Russians have been thinking too kindly of their one-time western allies and stood in need for a "pole-axe" treatment to change their minds.

## The Parent Problem

By Garry C. Myers, Ph. D.

**DON'T SCOLD FOR GRAMMATICAL ERRORS**

Children learn to use ungrammatical speech from other children, sometimes from their parents. When we parents speak correctly we need not worry much about the grammar of our children, provided we and they are very companionable and have good times together.

Unfortunately, some parents who know how to use English correctly will indulge in baby talk to the infant beginning speech. In speaking to him they imitate his incorrect utterances because they suppose these statements are "cute," or they make up new ones, which he may imitate.

**Use Good Grammar**  
But little children who hear good English at home nearly always use good grammar until they run about with playmates of their age or older ones, who employ bad grammar.

Almost any child from five to eight or ten will speak with many grammatical errors. But as this child grows older in a family where good English is heard, he, wishing to feel he is growing up, will choose gradually to speak correctly, and the more so if he is happy in his family.

**To Win Approval**  
Many parents respond emotionally to certain grammatical errors in their children about as they respond to bad table manners in them. They give the child the impression that they want him to speak correctly and to have good manners in order to win approval of their adult friends. But he is not very eager to pull their chestnuts out of the fire. Indeed, he may incline to go on using some grammatical errors and practicing some bad manners on purpose to prove his protest of what appears to him to be a selfish motive in his parents.

But if, instead, he feels he is understood and that his parents really want him to appear more mature intellectually and socially for his own likableness and growing satisfaction, he will strive earlier and harder to speak with grammatical correctness just as he will strive harder to acquire good manners.

**Don't Show Vexation**  
We can hope to do most to hasten his acquisition of good grammar in his speech by never allowing ourselves to show we are vexed at his errors or even to feel vexed. Accordingly, we shall not correct his speech in a tone of anger or in a way to irritate or embarrass him. He must feel right toward us in order to profit from our efforts to help him. Let us seek first this relationship and all the other good things can be easily added. (My special bulletin, "Common Grammatical Errors by Parents and Children," may be had in a stamped envelope by writing me at 235 East 45th Street, New York, N. Y.)

Of course, the child near or in his teens may take on slang (which should not be confused with bad grammar). His use of slang may make him feel he belongs to the gang, or that he is growing more like the older boy or girl. It symbolizes a yearning for independence of adults, and the more it annoys certain adults the more it may be resorted to. Most slang words have multiple meanings and can be used with but little effort for expressing a variety of ideas and emotions. Slang words are handy pluses for the youth to carry about to put into emotional holes of speech. As he acquires a wider and richer vocabulary and feels more at ease while speaking, especially among his pals he tends to use less and less slang. Slang is certainly nothing for parents to get annoyed at. Anyway, some of the slang of today will be the King's English of tomorrow.

**Hints On Etiquette**  
If the bride plans to wear a suit at the wedding, the bridegroom should wear a business suit.

## Looking At Life

By ERICH BRANDEIS

"Please write something nice about mothers-in-law," implores of this much maligned species.

She resents the fact that comedians poke fun at mothers-in-law. She has no use for stores that advertise greeting cards for all occasions and facetiously adds "even for mothers-in-law."

She says mothers-in-laws are human too, and not "monsters who belong in a Zoo."

Of course, I agree, and I shall try to write something nice about mothers-in-law, remembering, as my correspondent points out, mothers-in-law first were mothers.

They had to have sons or daughters, or they could not be mothers-in-law.

But why has the mother-in-law become the subject of thousands of jokes?

Why has the term "mother-in-law" become almost synonymous with ogre in the minds of thousands of people?

It is a generally accepted belief that nothing can become trite unless it is true.

By that fact the mother-in-law tradition must be based on truth. One of the tools of my trade is a "Thesaurus of Humor."

I don't use it often, because I consider it a collection of the most awful jokes ever conceived by man or beast.

However, it is a standard reference work and widely used by nightclub and radio comedians.

A section is devoted to mother-in-law jokes, and then it says "See Also Related Subjects."

For related subjects it refers the (Continued on Next Page)

Maybe we are rushing the season . . . but with the lack of snow . . . the birds singing in the mornings and the days much warmer than we would expect at this time of year . . . with all these unusual circumstances on hand . . . the idea of a spring poem hit us strong this morning . . . anyhow we just want to let our subscribers in California know that the east is still a mighty good place in which to live . . . winter and summer.

**SIGHS OF SPRING**  
When early Spring her melody of tunes bring,  
Do you look at the sky and sigh,  
"Oh, dear! Will the weather play games today  
And send snow flying from on high?"  
Or, "Will that rift in the sky show me why  
The crocuses came bouncing along?"  
Yes, it's Spring in the heart—it's Spring apart  
When we see in each day a song.

It's Spring when the happy heart sings in tune  
To a seasonal roundelay,  
And gay is the grin when a red, red robin  
On the barren branches sway;  
It's Spring in the heart when as you depart  
You hear a familiar voice call,  
"Hurry home, Jack dear, let's polish the hack  
And go for a ride—one and all."

### Anxiously Studying Portents

WASHINGTON, Feb. 24.—The economic medicine men are anxiously studying the signs and portents to try to determine just what is happening to us. They come up with strange words such as "disinflation," which may or may not mean the same thing as deflation.

Inevitably, of course, politics enter in. Within the Truman administration the belief is growing that Republicans in a kind of secret alliance with big business are trying to talk the country into a depression. This belief is shared by important officials directly concerned with fiscal policy.

Contributing to that belief is the confidential report of a waiter who served a luncheon of top-level Republicans meeting with Gov. Thomas E. Dewey during Dewey's recent visit to Washington. The waiter reported that the conferring Republicans agreed the one sure way to defeat the Democrats in 1950 and '52 was a depression which would bear Truman's name in the same way the depression beginning in 1929 carried the Hoover label.

**Political Division**  
You can see the clear line of a political division over the significance of the present economic trend. To administration Democrats and most of their economists, recent reports of unemployment in certain areas are indicative merely of a few soft spots in the economy. They quickly point to the fact that more people are working than ever before as proof that the trend is still inflationary.

But the Republicans in Congress make speeches predicting depression and insisting the preliminary manifestations are already with us. A tax increase, they argue, would only serve to speed up the decline. They are counting signs of depression to block not alone the administration's proposed \$4,000,000,000 tax increase but the whole anti-inflation program with its standby price controls.

**In Federal Reserve Board**  
In one arena the contest between inflationists and deflationists has been going on for some time. That is the Federal Reserve Board, which was given power by Congress last summer to control consumer credit.

Focus of the battle is the board's Regulation W, Regulation W, which became effective last September, establishes the ratio of installment credit to purchase price. On automobiles, for example, the buyer must make a down payment of one-third of the price and pay the balance in 18 months.

The pressure to change Regulation W comes from several sources. Certain automobile manufacturers, conspicuously Kaiser-Frazer, say it must be modified. They claim that it discriminates against lower income families who would like to buy new cars but are prevented by Regulation W.

**Seek Ruling Change**  
Dealers who find it harder to sell washing machines, radios and other durable consumer goods are also agitating for a change in the ruling. At least, they say, extend the time of payments from 18 to 24 months. Pressure has come, too, from second-hand car dealers.

Within the Federal Reserve Board the chief defender of Regulation W is Marvin S. Eccles. Eccles, it will be recalled, stepped down as chairman of the board when President Truman named Thomas B. McCabe, a Philadelphia manufacturer, in his place. As a member, however, he retains a potent influence and he is allergic to what he considers political pressures aimed at altering economic policy.

In the inner sanctum of the board Eccles makes two principal points against any change in Regulation W at this time. He says, first, that to relax the ruling now would have the effect of sustaining prices at their present levels by enabling those least able to buy to sign up for lengthy installment payments at inflated prices. If it is true that the trend is still inflationary, then keep Regulation W in effect and let prices drop in what will be, in part at least, a buyer's market.

**Second, he points out that the total of outstanding credit is still growing. There will be time enough, Eccles argues, to change the ruling when credit stops expanding.**

While these are powerful arguments, the indications are that a majority of the board will eventually decide to let the buyer take more time to pay for his auto or his washing machine. That is the easy way out of the political pressure building up from day to day.

But those who remember the crash of 1929—the beginning of that Republican depression—cannot help but be wary.

**WASHINGTON — President Harry S. Truman . . . "I think I have one trait, and that is I never go back on a friend. A great many so-called friends have been jitters about me, sometimes, but I have never been."**

**PALM BEACH — Margaret O'Brien, child movie star, in tears at her mother's re-marriage . . . "Oh, mother."**

**THE TRUE TROPHIES**  
"Never wanted costly joys,"  
Said a friend to me,  
"As a boy, with other boys  
Quite content to be.  
Put the playing togs away  
When the time drew near,  
Then to work from day to day  
Fashioning a career."

"Some there were who raced the town  
Driven by desire,  
I was glad to settle down  
By a cheery fire.  
Mother's and the children's song  
Music best for me,  
That and on life's highway long  
Friends for company."

"Happy-hearted girl and lad  
At the table spread,  
Wanted to be sure they had  
Jelly for their bread.  
Home for all a restful place  
From contentions free,  
These were trophies of the chase  
Good enough for me."

## Argentina's New Crisis

By PAUL GALLICO

There was a piece in the papers the other day telling how the economic and financial crisis in Argentina has become grave. I must say that I am delighted. It couldn't happen to a more deserving government.

This would be Colonel Juan and Evita Peron & Co., who since coming to power have done what they could to make life unpleasant for peoples and nations and with considerable success.

The Col. came to power in 1944-45 as a "strong man," in an Army palace revolution and in 1946 was elected President of Argentina. During his incumbency the Goddess of Liberty has gotten somewhat of a kicking around in that country, the press in particular feeling the heavy hand of the insecure ruler, opposition being ruthlessly squelched. Peron has been no friend to the United States, and like all so-called strong men has had no feelings for the beauties of the old saying, "Live and let live." Hence, the fix he is in today.

**Jacked Up Prices**  
For when all the world was starving, when Britain was hungry for meat and too poor to buy it, when grain was needed in Europe like air, and Argentina had a surplus of both, THAT was when Col. Peron and his boys jacked up the prices to from 30 to 100 per cent above world prices.

Unable to buy, the British continued to subsist on their 60 cents worth of meat a week. The U. S. A. somehow filled the needed grain quotas and the American public paid for the hog in the Col. and his gang.

Now the chickens have come home to roost, because as the soft currency nations have begun to recover—largely because of the American Marshall Plan—they are taking their trade elsewhere. The National Economic Council, according to reports, has suspended foreign exchange permits and prohibited imports into Argentina from anywhere.

**Grunt And Gobble**  
As one example of how the Peron policy of grunt and gobble has worked, U. S. paint manufacturers used to buy all their flaxseed from Argentina. In 1948, our good neighbors hiked the price 42%. The U. S. immediately began to sow flax on a large scale, and by last spring we had sufficient for our entire domestic demand and a small exportable surplus besides. Goombye Argentina flax market.

Argentina's record in the World War was scandalous. The Army clique from which Peron came was pro-Nazi; Nazi espionage nets flourished in Argentina and cost American lives, and the Hitler gang was given every aid and comfort until pressure became so great that Peron was compelled to an 11th-hour declaration of war against the Axis on March 27, 1945, or not quite two months before VE Day when Germany was crumbling.

**Ordinarily It Would Be Different**  
Ordinarily I would not applaud the misfortune of a neighbor, but more important than usual seems to me the latest demonstration of the Golden Rule—"Whatsoever ye would that men should do to you, do ye even so to them." Matt. 7:12—in these times of cynicism, greed and brutality, and the fact that it still works.

It's a beautiful Rule, and I love it. It could make the world over in a day if everybody adhered to it. It goes hand in hand with that other saying from Matthew 26:52—"All they that take the sword shall perish with the sword."

Nobody was asking the Argentines to give anything away back in 1946. A fair price, the standard of the world market, was available for their sorely needed produce. That was when a little of the Golden Rule would have alleviated much human misery. They chose to play the hog and profit on the needs of people who had been reduced to straits through the fight for liberty. The chickens are now coming home to roost, and evil-looking fowl they are to Peron and Co. And, as noted before, it couldn't happen to a worse gang or at a better moment for all concerned who do not live in Buenos Aires.

State Senators  
Will Scrutinize  
Sale Of DeshonSamuel G. Neff, Ellwood City,  
Among Senators Authorized  
To Probe Sale

HARRISBURG, Feb. 24.—(INS)—Seven state senators today were authorized to scrutinize the proposed sale of the commonwealth's hospital at Butler, valued at \$4,000,000, to the Veterans Administration.

The investigation was sparked by a valuation of \$2,512,287 placed on the hospital, also known as Deshon, by the U. S. district court at Pittsburgh. The federal government leased the property in 1942 and was an army hospital during World War II.

Inquiry Ordered  
A resolution authorizing the inquiry, co-sponsored by Republican Senators George N. Wade of Cumberland and O. J. Tallman of Lehigh, pointed out that the commonwealth was in "dire need of having this institution for the care of its own mental or tuberculosis patients".

The commonwealth has contended that the transaction was not authorized by the legislature. The hospital was built by the state for tuberculosis patients.

Named to the committee were Republican Senators Tallman, Wade, Lloyd Wood of Montgomery, Albert R. Pechar of Armstrong and Murray Peeler of Indiana and Democratic Senators John H. Dent of Westmoreland and Samuel G. Neff of Lawrence.

The state justice department may appeal the district court's ruling to the court of appeals at Philadelphia.

But back to the request that I write something nice about mothers-in-law.

My correspondent says that mothers-in-law are greatly maligned.

To prove the point she writes, and I quote verbatim: "Nothing pleases a mother-in-law more than to get a daughter-in-law for her boy."

"I did give my daughter-in-law a fine son, but she has wrecked his life. However, I hope, some day he will again be the fine son he was."

"You see, she deserted him and their children. I hear she is married again but I do not know."

My first instinct, after reading the letter, was to say, "There you are. Here is a woman who wants to praise mothers-in-law, and see the discord in her own family!"

But then I did a little thinking. And then a little wondering. Why is it there are no jokes about daughters-in-law?

Is it perhaps that it is hard to joke with tragedy? (Copyright, 1949, King Features Syndicate, Inc.)

## Taxing Field Invaded

The Federal Government has invaded the taxing fields of the cities, counties and states on such things as amusement. The United States made more money out of a successful Broadway comedy than the producers or any of the stars. Collection from prize fights and other sports take a huge cut. It is contended that these things are "luxuries" and should be taxed to the limit. It nevertheless must be true that the cities are entitled to a lion's share of these revenues.

The affairs of the District of Columbia are run by the Congress of the United States—the courts, the police department, the fire department. The Federal government now makes payment to the District of Columbia of twelve million dollars a year on its properties in the District. The question naturally arises—why should not some arrangement be made with all cities in which the government has extensive holdings? It is estimated that the population of our cities has increased by eight million since 1940, thus adding tremendously to the cost of public services.

Unless the Federal government will "shoot square" by paying its reasonable share of local taxes and ceasing to hog the major part of revenues which should be local, there is little hope of carrying on the functions of local government without bankruptcy or the imposition of unbearable property taxes.

## JOBS UPON A TIME

SINCE THE YEAR 1930, Colonel Stoopnagle (F. Chase Taylor) has held top rank among radio comedians. He's an author, too. At first he was heard in partnership with Budd Hulick and later appeared alone. As an "inventor and lexicographer," Stoopnagle has recorded in four books and many magazines pieces of his inventions, "daffynitions", spoonerisms and comic verse. He was born in Buffalo, N. Y. Enrolled in the University of Rochester for liberal arts courses, the colonel left college to join the navy in 1917. After the war he entered the family lumber business as a bookkeeper, then became a salesman, shifted to the brokerage business, then to radio.

JAMES GLEASON, stage, screen and radio actor, dramatic author and manager, is descended from a theatrical family, and has been on the stage since babyhood, having been carried on as an infant of two months in an old play Clouds. Gleason was born in New York and gained a great deal of experience playing with numerous stock companies, and many Broadway shows, also in London. Returning from England, Gleason produced Pomeroy's Past. Gleason was the author of the first successful talking picture, Broadway Melody, and he also served in the army for 12 years. He has acted in numerous motion pictures. His wife, actress Lucille Webster, died last May after 41 years of marriage.

Autos and trucks and engines use large amounts of oil and gas. Lubrication means a big business.

Lubricating or mineral oil does not provide any nourishment. It should not be carelessly used as medicine.

Your doctor is the one to ask about mineral oil.

A man may be very particular about the oil for his auto.

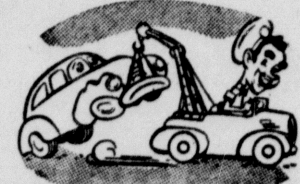

He may not be so careful about the oil which he swallows. Perhaps he would be better off to be careful.

'Axis Sally' Claims  
She Was Held Under  
'Hypnotic Influence'

WASHINGTON, Feb. 24.—(INS)—Mildred "Axis Sally" Gillars "tells all" today about her relations with the German big shot she

claims held her under a "hypnotic influence".

Attorney James J. Laughlin said that testimony about the German—Prof. Otto Koischwitz, formerly of Hunter college, New York—would highlight the second day of his client's dramatic testimony at her treason trial.

Laughlin said that Miss Gillars would describe how Koischwitz, a powerful official in the German radio set up, used pull to draft her into making propaganda broadcasts

to the United States; and thereafter used a Svengali-like hold on her to keep her at it.

He said he also would go into an alleged threat against Miss Gillars' life by one Horst Cleinow, another radio official. It is the defense contention that Miss Gillars broadcast nazi propaganda to American troops and their folks at home only because she was forced to do so under threat of death.

She faces a possible death sentence on the treason charge.

## Kilgallen Given Memorial Award

JAMES L. KILGALLEN

NEW YORK, Feb. 24.—(INS)—James L. Kilgallen, often called America's outstanding reporter, was named today as winner of the 1948 George R. Holmes Memorial Award for distinguished work by an International News Service correspondent.

The award was announced at a luncheon of the Bantams, famed

organization of writers and artists, in the Waldorf-Astoria hotel. Kilgallen is the tenth world-famous journalist since 1939 to win the award. He was selected by a committee of judges "for consistently accurate and brilliant reporting as most recently exemplified by his coverage of the Alger Hiss indictment" by the New York federal grand jury.

Against the competition of New York's top-flight metropolitan and news agency reporters, Kilgallen scored a beat of six minutes over his opposition, flashing the correct news even though one agency said that the grand jury had finished its work without returning any indictments whatever.

It was recalled at the time that this was a case of history repeating itself. Many years ago, Kilgallen flashed the correct verdict on Bruno Richard Hauptmann in the Lindbergh kidnapping case and "stood it," even though another news service had created a sensation with an entirely erroneous one.

## Rick's To Display New Dodge Friday

Breath-Taking New Creations Will Be Shown To Public In Showrooms Of Rick Motor Co.

Daring, distinctive, amazing, describes the new 1949 Dodge which goes on display, Friday, February 25, in the showrooms of the J. R. Rick Motor Company, 648 East Washington street.

Dodge engineers have been busy for months designing this breath-taking new car which proudly boasts the new gyro fluid drive plus gyro-matic which frees drivers from bothersome shifting. The public when inspecting this outstanding creation, will find it lower on the outside, higher on the inside, shorter on the outside and longer on the inside. A second look will reveal the narrower exterior portions and the wider insides insuring perfect comfort to driver and passengers.

The mechanically conscious operator of the new Dodge will find under the hood a new carburetor, new intake manifold, new combustion chamber, new fuel pump, new larger generator, new camshaft, armored ignition cable and wider gap spark plugs. Inside the car, the design conscious individual will find beautifully appointed interiors, with mahogany-toned in-

strument and door panels, accented with a tastefully restrained use of chrome and gold. Soft spring-pillowed knee level seats and backs are found in each model.

Several different models have been produced including the Meadowbrook four door sedan, Wayfarer, two door six passenger sedan, the roadster, three passenger coupe, Coronet, the town sedan and many other styles. One look at the new Dodge at the Rick Motor Company will convince the choicest buyer that Dodge is the car of the year.

## Bruce Resigns Ambassadorship

WASHINGTON, Feb. 24.—(INS)—James Bruce, United States ambassador to Argentina, indicated after a White House conference Wednesday that he expects to relinquish his diplomatic post in Buenos Aires.

Bruce said he will be in Washington for about a month, but that he does not have any special plans for the future. He said he told the president that "I'll do anything you want me to," and made no comment on his resignation which he already has presented to Mr. Truman. Although he made no direct comment on his resignation, Bruce indicated that he probably will stay in this country.

## RELIEF ROLL INCREASES

HARRISBURG — Pennsylvania's public assistance rolls increased by 9,562 persons during the month of January, bringing the total number of persons receiving aid to 316,179. General assistance, reflecting

the continued decline in employment during the month, showed an increase of 5,811 persons to account for more than half of the total increase. Aid to dependent children increased by 3,831 persons while the old-age assistance and blind

pension rolls registered decreases of 58 and 22 persons respectively.

## ARRESTS INCREASE

HARRISBURG—Arrests by state police for violations of the vehicle code increased more than 22,000 in

1948 over the previous year, according to information released from state police headquarters today. During 1948 state police made 90,595 arrests for motor violation, while 68,300 were arrested in 1947.

## Fourteen Former Associates Of Cardinal Indicted

BUDAPEST, Feb. 24.—(INS)—The Hungarian government announced the indictment of 14 associates of Josef Cardinal Mindszenty.

Those accused include Imre Boka, financial advisor to the Hungarian prime minister, as well as other well-known financial figures. They are accused of black market currency dealings, one of the charges on which Cardinal Mindszenty was convicted and sentenced to life imprisonment.

Among those charged along with Boka in the Communist government's newest indictments are three bankers and a Jesuit priest. They include Theodor Wyder, a banker; Nandor Vojakay, also a banker; Dezsoe Tolnai, a former banker; Jesuit Father Janos Varaday, and Horvath Gabor, former secretary of Prince Paul Esterhazy.

Prince Esterhazy was one of those convicted with Cardinal Mindszenty.

## Spring Improvements Are Being Planned

City council plans spring improvements here according to an announcement in city hall today.

One of the proposed jobs is the construction of a storm sewer in Cascade street between Grandview and Butler avenues and also paving either with concrete or asphalt by the State Highway department. The kind of paving material has not yet been agreed upon.

Other proposed jobs follow: Paving with concrete of Reynolds street between Scioto and Moravia streets.

Enclosure of a water-course in the rear of the Croton M. E. church for a distance of about 300 feet. The water will flow through a 48-inch concrete pipe.

Recapping of curbs in Charters street between Morris and Moravia streets.

Resurfacing with a bituminous surface of Pine street between East Main and Oak streets.

Construction of a sanitary sewer, grading and paving of Ryan avenue between Stanton avenue and Cascade streets by Mooney Brothers. The work will be done under the supervision of City Engineer John Z. Street.

Hypnotism has been known for centuries to the Persian magi and Indian yogis, and fakirs, among others.

## Today's Fashion Flash

By PHYLLIS BATTLE (I. N. S. Staff Correspondent)  
NEW YORK, Feb. 24.—The future looks "rosy"—literally for spring and summer fashion today. Mainbocher showed a dress collection, well over 75 per cent in rose shades, from delicate pinks to deep American beauty reds.

Novelties in the group included dresses with bands of tiny gold bells around the skirt hems, circling the yokes and banding the sleeves. Mainbocher's basic trends were balloon sleeves, ankle-length dinner dresses and formal, all-gold pinaflores.

## Will Be Forced To Fight Labor's Excessive Demands

WASHINGTON, Feb. 24.—(INS)—A top ranking industry official Wednesday forecast "some real free-for-alls" this year on the industrial relations front with employers required "by economic necessity" to fight labor's demands.

Joseph E. Moody, president of the Southern Coal Producers' association, frankly declared that business has been "leveling off" and industry will not have the "where-withal" to grant excessive concessions to unions in 1949.

He told the Senate Labor committee that Congress should keep the Taft-Hartley law "to equalize the bargaining situation" and not try to write an act to "pull the chestnuts out of the fire" for either labor or management.

Mr. and Mrs. Gillis Falls of East Wallace avenue have returned from a five months' motor trip, visiting three months in San Francisco, Fresno and Los Angeles, Calif., and the other two in Lakeland, Fla., where they were guests of Mr. Falls' sisters, the Misses Gertrude and Alice Falls.

Six weeks were spent with their son-in-law and daughter, Mr. and Mrs. T. J. Crowley, Fresno. Mrs. Crowley will be remembered as the former Miss Gertrude Falls. The New Castle residents left California for Florida December 26, avoiding the west's extreme cold weather.

Mr. Falls, who was seriously ill last summer, is showing some improvement.

## Seek To Sidetrack Anti-Filibuster Rule In Senate

WASHINGTON, Feb. 24.—(INS)—Senate Finance Chairman George, (D) Ga., drove for a wind-up of reciprocal trade hearings as part of southern Democratic

strategy to sidetrack the anti-filibuster rule.

George said he expected to close the reciprocal trade agreement hearings, to rush a bill to the Senate floor by Friday, in time to displace temporarily the filibuster gag rule debate scheduled to open Monday.

At the same time, the Senate Democratic conference prepared to deal in its meetings with the legislative squeeze into which it is being jockeyed by Republicans and Dixie Democrats.

The Democratic leadership is

pressed by two forces. The Republicans are maneuvering to force action on the filibuster issue ahead of other legislation, and the southern Democrats are trying to shut aside the gag-rule issue by hurrying along the major legislation.

Southern Democrats are set for a determined filibuster against the gag rule. Majority Leader Lucas (D) Ill., had announced earlier that he would move to lay it aside as "the unfinished business" temporarily whenever major parts of

President Truman's program are ready for Senate action.

The leadership had hoped to have the filibuster fight disposed of in the first two months of the session and had termed March 5 a peril point at which a filibuster would crowd legislation.

Besides reciprocal trade, other legislation will begin to pile into a threatened log-jam early next month.

On the way out of committee are the controversial labor bill, along with economic recovery ad-

ministration, housing, rent control and other important issues.

**RURAL FATALITIES**  
HARRISBURG — Twenty two more lives were lost on Pennsylvania's rural highways during January, 1949, than in the same month last year, according to a report issued from state police headquarters today. State police records show that 66 rural fatalities occurred last month, as compared with 44 rural highway deaths during January, 1948.

## J. Audley Boak Speaks In Florida

(Special to The News)

ST. CLOUD, Fla., Feb. 24.—The All State Grange Club was held in the community building in St. Cloud, Fla., on Friday, February 18. At noon a sumptuous picnic dinner was enjoyed by over 65 members and visitors present.

Following the dinner the business of the club was presided over by the president, Mr. Whitehead, from Pennsylvania.

The program chairman, Mrs. DeWitt, of Michigan, presented the following program:

Singing of America, salute to the flag followed by the audience repeating the 23rd Psalm in unison. The Michigan people sang a number. The main feature of the program was a talk by the president of the club, Mr. Whitehead, on his experience as a page of the Senate in Congress 50 years ago. While filling this position of four years duration he received \$75 a month. The age of such pages was from 12 to 16 years. His talk was both interesting and instructive.

J. Audley Boak, past-master of Pennsylvania State Grange and Mrs. Boak were present and responded with remarks.

## Try And Stop Me

By BENNETT CERF

Ted Lawson, co-author of "Thirty Seconds Over Tokyo," told me a fine story about Alex de Seversky, who, like Lawson, lost a leg as a flyer in wartime. Seversky one day was trying to cheer a disconsolate airman in a similar predicament. "The loss of a leg," he said with conviction, "is really not so great a calamity. Look at me. I dance. I fly. I drive a car. I go everywhere."

"And another thing, if you get hit on a wooden leg, it doesn't hurt a bit! Here, try it!" The aviator took his cane and cracked it across Seversky's leg with terrific force. "You see," laughed Seversky. "If you hit an ordinary man like that he'd be in bed for five days! Cheer up, old man," he waved airily, and left the ward. In the corridor, he collapsed! The wounded aviator, of course, had hit him on his real leg.

After the first act of an important opening, the author, sensing failure, was holding his head in the ward. "Cheer up!" roared actress Tallulah Bankhead. "After all, your four other recent plays were flops, too."

## Would Legalize Horse Race Betting

HARRISBURG, Feb. 24.—A new horse racing bill is in the legislature.

Four lawmakers signed a measure to legalize horse race betting with the commonwealth receiving three per cent of the take to be used for mental hospital expansion.

Sponsors were Thomas V. Mc-

Nally and Maurice L. Reynolds (D-Allegheny), James A. Brice (R-Lawrence) and Paul A. DeLong (R-Lehigh).

### SMOKE SCARE

City firemen were called to 1306 East Washington street at 2:30 o'clock Wednesday afternoon when smoke filled the home. Firemen discovered the cause to be a clogged chimney and no action was taken.

## Outlook For Raw Materials Used In Steelmaking Better

Reported Better This Week Than At Any Time Since End Of War

NEW YORK, Feb. 24.—(INS)—The outlook for raw materials used in steelmaking is better this week than at any time since the end of the war.

As a result, the industry is on its way to making an all-time six months record in steel output which will put the market in its

best condition since the industry shortage began a few years ago.

These views were expressed today by the magazine Iron Age, which noted that there are unmistakable signs that the steel market is rapidly going towards balance.

The national metalworking weekly pointed out that good weather in the east and middle west has meant an added one million tons of steel over and above what would have resulted this year had adverse weather prevailed.

**May Give Some Concern**  
Iron Age listed manganese ore and ferro-manganese as raw materials which may give steel-makers some concern.

It said that the industry is not unduly alarmed about manganese ore since imports from Africa and India are expected to improve,

lessening the dependence on Russian ores.

But the ferro-manganese situation, which is a blast furnace problem, is held to be of somewhat more immediate concern.

Iron Age said that furnaces now down, or due to go down soon, will mean continued tightness in this vital steelmaking ingredient.

However, it emphasized that industry leaders have worked out plans that virtually assure no in-

terruptions to steelmaking on account of ferro-manganese.

Iron Age placed the ingot rate this week at 100½ per cent of rate capacity, unchanged from a week ago.

**WILL BE MARRIED**

NEW YORK, Feb. 24.—(INS)—Paul Felix Warburg and Baroness D'Almeida disclosed today that they will be married in London next April.

Warburg, an ex-army major, is

serving in London as special assistant to Lewis W. Douglas, United States ambassador to Great Britain.

The baroness is the former Barbara Tapper of Chicago. She is a widow and the mother of three sons.

Relics have been found along the American Falls reservation in Idaho, which give evidence of Indian habitation 15,000 to 20,000 years ago.

## Tifereth Israel Services Friday

Rev. Morris Lieberman To Chant Sabbath Liturgies; Reception To Follow

Religious services will be conducted Friday evening at Tifereth Israel synagogue at 5:30. The late service will be at 8 o'clock.

Rabbi Jules Lipschutz will preach a special sermon in commemoration of Brotherhood observance in America this week by presidential proclamation.

Rev. Morris Lieberman, a guest cantor of Watertown, N. Y., will be the weekend guest of congregation Tifereth Israel and will chant the Sabbath liturgies together with the weekly scriptural portion in the book of Exodus. Rev. Lieberman will assist Rabbi Lipschutz at the late service Friday evening. An Oneg Shabbat reception will be tendered by Mr. and Mrs. Alex Buntman, Mr. and Mrs. Reuben Sigler and Mr. and Mrs. M. Wolfson.

A special confirmation service in honor of Harvey Nixon, son of Mr. and Mrs. Irving Nixon, a student of Tifereth Israel religious school, will take place Saturday morning at Tifereth Israel synagogue. Harvey Nixon will preach a sermon from the rabbi's pulpit. A reception will be tendered the congregation immediately following the services.

Registration for the spring semester of the Sunday school department will take place Sunday morning at Tifereth Israel synagogue. Parents are requested to contact Rabbi Jules Lipschutz, director of education.

## Plan 'Men's Day' Observance Sunday

Princeton Memorial and Mt. Hermon Presbyterian churches, C. W. Cochran, pastor, will observe February 27 as "Men's Day" in the church. Men's work planning committee, with Paul Blair of Princeton and Irwin Stevenson of Mt. Hermon as chairmen, is planning for the interests of the service and studying the proposed "Council of Presbyterian Men". Laymen will assist in conducting the service and in preparing special music, while the pastor will speak on the topic "Spiritual Men".

## Youth Confesses Killing For Money, Hunt Victim's Body

KINGSTON, Tenn., Feb. 24.—(INS)—TVA officials dragged Watts Bar lake at Kingston today for the body of an Oak Ridge atomic plant foreman shot to death by a 17-year-old youth "because I wanted his money".

Roane County Sheriff Marvin Stinecifer said the youth, John Currier, Jr., readily admitted killing Ronnie B. Midkiff, 35, formerly of Charleston, W. Va., and the father of three children. He added Currie also admitted wrecking Midkiff's new automobile in his first attempt at driving a car. The youth was taken into custody last night while chopping wood near his home.

## GIRL SCOUTS

Troop 31 Girl Scout Troop 31 met in the Scout room at Highland church on Tuesday at 4 o'clock under the supervision of Mrs. J. H. Earl McKenzie and Mrs. Henry Wimer. The cookie sale is progressing and they are expected about March 5th. Plans were made for the troop to attend the Girl Scout banquet at the Cathedral on March 10th. Reservations must be made by February 28.

The Star Maiden Scouts were taught to tie knots by Eagle Boy Scouts John Brinton and James Peacock. The boys gave each little Scout a piece of rope and they tied the following knots as they were taught: overhand, hitching knot, bowline and the sheepshank. This was enjoyed immensely by the Scouts.

## First Baptist Group Has Yearly Election

John Chapman was chosen president Tuesday evening when members of the Young Adult group of First Baptist church had their early election in the home of Mr. and Mrs. Orville Grossman, Spruce street. Other officers named for the coming year follow: vice president, Claude Humble; secretary, Mrs. Claude Humble; assistant secretary, Miss Mary Louise Davis; treasurer, Miss Martha Davis, and assistant treasurer, Mrs. William Beltrame.

Group leaders are Robert McCann, Carl Barbour, Mrs. John Griffiths and Robert Carnes, while Jesse Joseph will serve as chairman of the social committee.

Mrs. Beltrame offered the opening prayer and Mr. Chapman closed with prayer.

Singing by the group was enjoyed, accompanied by Miss Martha Davis, pianist, and Mr. Humble, violinist, who pleased with selections. Mr. and Mrs. Lexie Mitten, celloists, aided Mr. and Mrs. Grossman in serving a tasty lunch.

Mr. and Mrs. Walter Hill, Katharine street, will entertain at their home Tuesday evening, March 29.

## Parent-Teachers

New Bedford PTA

New Bedford PTA held the regular meeting in the school last Thursday. Dr. J. Wesley Post from the Cancer society was guest speaker and a film from the society was shown.

Mrs. Frank Cover read an article by Dr. Garry C. Myers about the founding of the Parent-Teachers organization.

The business meeting was conducted by the president, Mrs. Carl Eppinger. The proceeds from the bake sale were turned over to the projector fund.

The summer round-up for preschool was discussed and Clara Brown appointed to make all arrangements.

PTA Council

Lawrence County Council of Parent-Teachers met Monday evening in the green room of the YWCA. Walmo unit presented a most interesting program. The students program included: piano solo by Ronalyn Mielke and a Mexican hat dance by Betty Lou Hennon and Donna Blackford.

Parents and teachers of Walmo then presented a playlet, "The Four Cornerstones of the PTA." The Home, School, Church and Community were represented by Mrs. Craven, Mrs. Campbell, Mrs. Cox,

Mrs. Pitzer, Mrs. Mielke and Mrs. Marquis.

Miss Smith led in group singing. The business meeting followed with Mrs. Glenn Patterson presiding. She read a letter from the Red Cross, explaining the blood bank. The Golden Jubilee scholarship was discussed and a donation is to be sent from the council and each unit is asked to give something toward this worthy project. The Founders Day gift is to be sent to the treasurer, Mrs. Carl Phillips, Lowellville, O., road, before March 10.

Clenmore and Pulaski have the program for March.

Rev. C. H. Lucas and his radio choir, Cleveland, O., will offer a program in Second Baptist church, 109 West North street, Sunday, February 27, at 8 p. m. This group, originally scheduled to be in New Castle last Sunday, was prevented from doing so on account of a fire in Shaker Heights, O.

The next meeting of the Sunshine Kensington club will take place at the Elm street YWCA with

Mrs. Gertrude Branch as hostess. The last meeting was with Miss Alice Taylor, Shadyside, with devotions led by Modella Clark. A splendid program was given. Readings were given by Mattie Webber, Modella Clark and Mrs. L. Cooper. Solos were given by Katherine Engs, Carrie Cobb and Hester Burris. Remarks were given by special guests followed by a social hour. The hostess, aided by Sarah Young and Hazel Elvid, served dainty refreshments.

## Firemen Praised For Splendid Job

In a letter received by Fire Chief H. F. Steinbrink, firemen were commended for the efficient job they did in putting out a fire in the R. H. McBurney home at 208 Sumner avenue, recently.

The letter states:  
Dear Mr. Steinbrink:

I wish to take this belated opportunity of thanking you and your men for the fine job they performed on the afternoon of February 8, in saving our property from further damage by fire.

The efficient and prompt manner in which the situation was handled was responsible for keeping down the loss. I also wish to commend your men for their politeness and courtesy. It gives one a feeling of security to know that we have such an efficient fire fighting force. Many thanks.

Very truly yours,  
R. H. MCBURNEY.

## Miss Lusk Speaks To Girl Scout Leaders

Miss Mildred Lusk, member of the Girl Scout council, gave an instructive talk on "Dramatics and Puppets" Tuesday evening, when the Girl Scout Leaders' association assembled in the scout office, North Mercer street.

As Miss Lusk had the leaders

participate, there was a great deal of fun in doing pantomimes and shadowgraphs and also in working with puppets. Time went too fast, but members of the group feel they have many ideas to use in their troops.

Mrs. C. C. McDermott, president, spoke of the outdoor course that is being given by N. J. McClusky. Next class in this subject will be conducted in the Girl Scout office, Greer building, Monday,

February 28, when all leaders will be welcome.

The association will entertain council at a party Tuesday evening, March 29, in Third U. P. church, Washington and Adams streets. Committees for this function follow: Mrs. P. D. Gibson, general chairman; Mrs. Walter Jessel, favors; Mrs. R. J. Cartwright and Miss Alice Welther, refreshments, and Mrs. William Walters, games.

# VALUES ARE THE RULE

**6 DAYS A WEEK AT A&P!**

In every department of your A&P, values measure up to your expectations every single day in the week. For we don't believe in penalizing you on Mondays and Tuesdays for the good buys you get on Fridays and Saturdays. We don't see any reason in the world why you should have to pay more for the same items one day than another. So we keep all our prices as low as we can all the time. That way everybody can save money at A&P every day. That way you can keep your food bills CONSISTENTLY low. Come and see if you don't agree that this policy helps you eat better and spend less!

For Pleasure Giving Quality  
At Value-Giving Prices...

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

### When Visitors Come

Have you ever been embarrassed by your children's behavior when visitors come? If not, you're one of the lucky few. How often a child hangs back and perhaps won't even say hello! How frequently youngsters will behave well at first and then begin to show off! Some parents get to the place where they almost hope no one will come to visit until the children grow old enough to be civilized.

Grown-ups, even when they are friends of the family, are often overwhelmed. They ask silly questions. They talk about youngsters as though they weren't present. It's an ordeal for the young as well as for Mother and Dad. Show-off behavior occurs frequently because children don't know what else to do. They're too young to much interested in the grown-ups' conversations and there's not much to play with in the living room.

Here are a couple of hints that may make visits less of an ordeal for old and young alike. Let the child come in and meet the guests. He may help by taking wraps and putting them away. See to it, though, that there are some interesting things planned for him in another part of the house or outside. If later you would like to have him help you serve simple refreshments, he will enjoy that. But don't expect him to sit quietly for long periods of time without bothering. It just isn't natural.

### Dale E. Caruthers Continues Studies

Local Man Receives B.C.E. Degree At Cornell University, Ithaca, N. Y.

Dale E. Caruthers, son of Mr. and Mrs. Charles B. Caruthers of 909 Rose avenue, is now studying for his Master's Degree at Cornell University, Ithaca, N. Y., where he has been appointed as an assistant research laboratory.

Mr. Caruthers earned his degree in Bachelor of Civil Engineering at the same school earlier this month.

COMMENT REFUSED  
WASHINGTON, Feb. 24.—(NS)—The Army refused to comment today on a report that a cadet from a South American country has been dismissed from the Military Academy at West Point.

Brig. Gen. Vernon M. Pritchard, chief of the Army's Public Information division, flatly refused to make any comment on the report.

He said that the Army would have nothing to say, one way or the other on the report. He refused to confirm or deny it, and would not elaborate on his refusal.

**CHEVROLET**  
is the most Beautiful BUY of all

### The most Beautiful BUY for Styling

Look at this exciting new Chevrolet from any point of view—inside and outside, front, side and rear—and you'll agree it's the smartest-looking automobile of this new year. For it alone, of all low-priced cars, brings you the distinguished beauty and luxury of Body by Fisher—the body featured on highest-priced cars.

### The most Beautiful BUY for Comfort

Settle into the deep, soft, form-fitting seats. Notice the extra-generous head, leg and elbowroom of the Super-Size Interior. Ride in this "car that breathes"—with an advanced heating and ventilating system that inhales outside air and exhales stale air—giving comfort beyond compare! \*(Heater and defroster units optional at extra cost.)

### The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

Most sensational of all the advancements in this thrilling new Chevrolet for 1949 is the entirely new kind of driving and riding ease which it introduces into the low-priced field. New Center-Point Design—including Center-Point Steering, Center-Point Seating, lower Center of Gravity and Center-Point Rear Suspension—brings you driving and riding results heretofore found only in more expensive cars. The difference is so great—and so pleasing—that it's no exaggeration to say it is proving a revelation to all who drive or ride in this car. Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

### The most Beautiful BUY for Performance

What thrills you'll have when you drive this car! It's the only low-priced car with a Valve-in-Head engine—the engine which more and more makers of higher-priced cars are adopting—because it gives a much finer combination of performance, economy and dependability. And Chevrolet's world's champion Valve-in-Head engine holds all records for miles served and owners satisfied.

### The most Beautiful BUY for Safety

Yes, you and your family will enjoy maximum safety, for Chevrolet brings you fivefold safety protection found only in this one low-priced car: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows, and (5) the super-steady, super-safe Unitized Knee-Action Ride.

## Croton Art Pupils Painting Pottery

Discarded Plates Being Turned Into Lovely Gifts For Parents Of Croton Art Pupils

Ingenious art pupils of the Croton grade school are turning discarded pieces of pottery from the Shenango Pottery into items of real value and beauty during their sessions which are directed by Mrs. Morphyd Brown, art teacher. The pottery, mostly consisting of odd-sized plates with minor defects in them, is taken and cleaned up by the boys and girls and then designs are placed upon them so that the paint can later be applied. Such very fancy creations are produced and most of them done very neatly by the eager art students. The finished products are given as gifts to their parents.

Terry Gibson, a second grader at the school is winning for himself the name of comic strip artist. Terry has very cleverly depicted on paper with the use of

crayon and paint a number of the outstanding comic strip characters. The likenesses almost duplicate the originals of the comic strip creators.

In charcoal pencil work Patty Hileman has excelled the art students with a large picture of a historical character. The very neat poster is being displayed in the school. Art Appreciation Week is being observed among the classes of the school at this time.

## Two Democrats To Be Included On State Authority

HARRISBURG, Feb. 24.—(INS)—House Majority Leader Charles H. Brunner, Jr., Montgomery, today announced he will introduce amendments Monday to include two Democrats on the administration proposed authority program. Brunner said the amendments would include membership of minority floor leaders of the House and Senate. The two Democratic members would boost the over-all

membership of the general state authority and the state highways and bridge authority to 12. Brunner said he submitted the proposed amendments to Gov. James H. Duff last night and the governor advised him they were acceptable.

House Minority Leader Hiram G. Andrews, (D) Cambria, said the proposed amendments were "satisfactory." Andrews on Monday indicated Democratic opposition to the two authority bills because of the lack of Democratic representation.

## REPORT GIRL MISSING

CHICAGO, Feb. 24.—(INS)—The parents of a brilliant University of Chicago coed reported to police Wednesday that she has been missing from her home since last Monday.

She is Grace Rasmussen, 21.

Capt. George Homer of the Austin police station said the parents reported Grace, nervous from overstudy, had been persuaded to drop out of school several weeks ago until March.

The girl's mother, Mrs. Eleanor Rasmussen, said her daughter left for a walk at 1 p. m. Monday and never returned.

## Treasure Hunt Wild Goose Chase

LOS ANGELES, Feb. 24.—(INS)—Former California Lieutenant-Governor Ellis Patterson has returned from the \$60,000,000 treasure hunting expedition on storied Cocos island with nary a tarnished doubloon to show for his efforts.

He said that the 32-member expedition, headed by James A. Forbes of Riverside, Calif., would continue searching for the fabulous "loot of Lima" assertedly buried by pirates on the island over a hundred years ago.

Patterson described the hunt as "a wild goose chase," although he declared he would return to the expedition in April—after the Los Angeles mayoralty election in which he is a candidate.

The expedition left Long Beach harbor a month ago in Patterson's 185-foot vessel, the Simon Bolivar. The former California state official said that it took two weeks to unload the especially-designed deep-sea diving and dredging equipment.

## CORN BORER DAMAGE

HARRISBURG—Loss of \$2,000,000 in corn damage by the European corn borer during the 1948 season was reported today as a conservative estimate by the State Department of Agriculture. Bulk of the loss was in field corn with sweet corn suffering up to \$500,000 damage.

HARRISBURG—The 1948 Pennsylvania strawberry crop grown on 1,900 acres, was six per cent larger than the previous crop. It was valued at \$1,269,000, 11 per cent more than the 1947 crop which was grown on 2,200 acres, the State Department of Agriculture reports.

## Will Ask Verdict In 'Sugar Puss' Case Be Set Aside

BOSTON, Feb. 24. (INS) — A motion to over-rule the verdict in the "Sugar Puss" alienation of affections suit was scheduled for a hearing today in Boston Federal court.

The motion asks that a \$5,000 judgment granted in the \$50,000 suit brought by Charles Gordon, of Scottsdale, Pa., a former army lieutenant colonel, against Stanley W. Parker, of Winthrop, telephone company executive, be set aside.

Central figure in the case is Mrs. Naomi Bishop Gordon, divorced wife of the plaintiff. She was called "Sugar Puss" and "Supermellow" in endearing letters written by the defendant while Gordon was serving in Burma during the war.

The motion to set aside the verdict was filed by attorney Allan R. Kingston in Parker's behalf.

Kingston claims Gordon failed to prove his wife left him due to any actions of the defendant and added the evidence showed that she continued to live with Gordon until he left her.

**HOUSEWARMING?**  
"A friend says that upon moving into a new home, the occupants should invite all their friends to a housewarming, while I am of the opinion that a housewarming is something your friends give you just like a shower. After all, isn't inviting friends to a housewarming practically like asking them to come and bring a gift? Which one of us is right?"

Answer: Customarily, the host and hostess give the housewarming after they are completely established in their new home. However, numerous people are of the same opinion as you and upon

hearing that the new occupants are ready for visitors arrange a housewarming for them. But in the latter situation, you must be very, very sure that the hostess is ready and willing to entertain. Personally, I should prefer to

await an invitation from the hostess.  
Question: I always help my girl put on her coat, of course. On several occasions, I have asked her to help me put on my topcoat. While she has never refused, I

have at times noted an expression of disapproval in her face. Am I unreasonable to expect her to so help me?

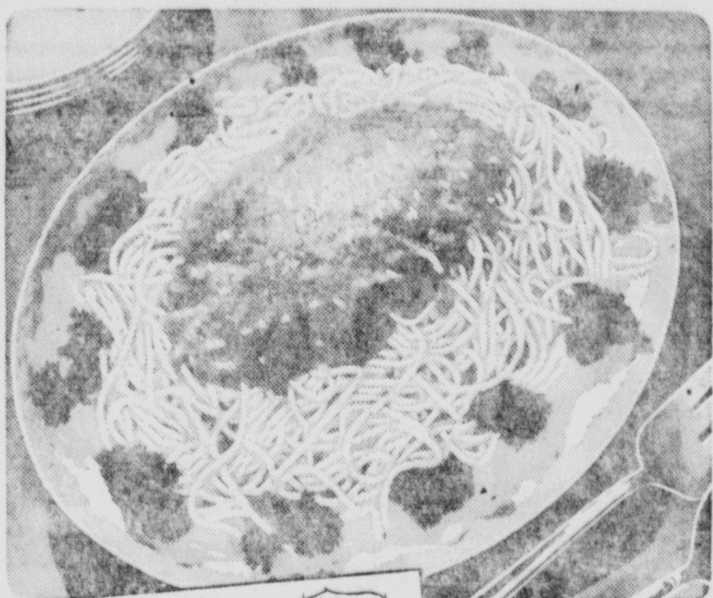

Answer: I am afraid you are! You should struggle into your coat without her assistance. For, while

a man should assist a woman, she should never be expected nor asked to help him on with his coat, any more than she would be expected to hold out his chair at the table or stand when he comes into a room. A man assumes a

protective attitude toward the woman he is escorting and she just sits back and takes it.

Question: Which arm should the host offer to the guest of honor when taking her in to dinner?  
Answer: His right arm.

## A DELICIOUS RECIPE FOR SPAGHETTI-ITALIAN STYLE

### VIMCO STYLE ITALIAN SPAGHETTI

#### INGREDIENTS

1 lb. Vimco spaghetti  
2 cans tomato paste (6-oz.)—3 cans water  
1 clove garlic, finely cut and 1 medium onion  
1/2 lb. ground beef  
2 tablespoons olive oil or butter  
1 teaspoon sugar  
Pepper and salt to taste

#### DIRECTIONS

Heat olive oil or butter in heavy frying pan. Add meat and chopped onion, and brown. Add meat and tomato paste, simmer slowly from 1/2 to 1 hour and seasonings. Simmer slowly from 1/2 to 1 hour. Cook spaghetti until tender (approx. 15 min.) in 4 qt. boiling water to which 1 tablespoon of salt has been added. Drain, arrange hot spaghetti on platter and add sauce. Sprinkle with grated Parmesan cheese, if desired.

### A Low-Cost Main Dish

Try Italian Spaghetti-Vimco Style and you'll agree with leading chefs and thousands of housewives when they say, "It's Easy—It's Delicious."

## De Prospero Is Given Promotion; Serving In Japan

WITH THE EIGHTH ARMY IN CAMP CRAWFORD, HOKKAIDO, Japan. — Pfc. Bennie V. DeProspero, New Castle, Pa., was recently promoted to the grade of corporal while serving as a cook with the 408th Airborne Quartermaster company, 11th Airborne division.

The 20-year-old paratrooper joined the army in October, 1946, at New Castle and took his infantry training at Fort Knox, Ky. After a short leave he came to Japan where he was assigned to the 187th Glider Infantry regiment, 11th Airborne division. In February, 1947, DeProspero qualified as a paratrooper at the Matsushima Air Force Base, the 11th Airborne division's training center. Cpl. DeProspero served with the 187th Glider Infantry regiment until November, 1947, when he was reassigned to the 408th Airborne Quartermaster company.

Cpl. DeProspero's mother, Mrs. Roberta M. DeProspero, lives in New Castle. Prior to joining the army Cpl. DeProspero attended New Castle high school.

With completion of his tour of duty in the Far East, Cpl. DeProspero will return to the Zone of the Interior to await separation from the service.

## Would Legalize Bingo In State

HARRISBURG, Feb. 24.—(INS)—Elimination of the legal stigma on Bingo was proposed in legislation sponsored in the House by Rep. Joseph J. Hersch (D) Philadelphia, Wednesday.

His bill would apply only to Bingo games operated for fund-raising purposes by charitable, religious or veterans organizations.

The proposed annual license fees in Pittsburgh, Scranton and Philadelphia would be \$500, \$400 in the 46 third class cities, \$300 in the 61 first class townships, \$200 in the 937 boroughs and \$100 in the 1,157 second class townships.

The blister that forms when skin is burned is a device of nature to protect the delicate tissues underneath the skin while a new skin is being formed. Some watery serum from the blood seeps out beneath the place where the skin was burned, and lifts the dead skin away from the living tissue below. Now skin is formed underneath this water cushion.

## Around Hollywood

By FRANK NEILL  
(International News Service Staff Correspondent)

HOLLYWOOD, Feb. 24.—James Hilton, the British-born author who has turned out some of the finest novels of our time, is sweating and straining these days over a new medium.

But his body certainly isn't "racked with pain." Hilton is one of the most contented writers in Hollywood. He's working with radio.

Three of his best-selling novels have been dramatized recently for Hilton's current chore, the Hallmark Radio Playhouse. But he didn't do the adaptations.

This is the soft-spoken novelist's theory:

"When the average author attempts to adapt his own novel to radio or films he tends to 'choke up.' He becomes jealous of his own words, moods and description. It is really difficult for an author to get objective in view of the changes that are necessary in converting his book-length material into a 17-minute radio script on a screen play that runs 90 minutes."

Adapted Just One

Of his five novels that have been adapted for radio or movies,

Hilton personally adapted only one—"We Are Not Alone."

"I was never satisfied with my screen play of my own novel," he said. "The producers were happy. The picture made a lot of money. But I somehow felt that I had left out so much."

Three of his most famous works—"Lost Horizon," "Goodbye Mr. Chips," and "Random Harvest"—were adapted for the air by regular radio writers. Hilton, as producer of the air shows, merely acted in a sort of supervisory capacity, and did little with the actual writing of the radio scripts.

He thinks "Lost Horizon" made the finest movie of any of his probably the first film fantasy of its type.

"I'd like to see Frank Capra bring a re-make of it into existence," he mused.

About television? He said it's still in a comparative experimental stage, but he added:

"Television definitely is a new art." And instead of harming motion pictures, both Media will continue growing together.

"There always will be theaters for no other reason, it is a natural instinct for people to congregate."

The 48-year-old novelist—twice married but now a bachelor who lives alone in nearby Long Beach—is working on a new novel between his radio tasks. He said:

"It will be a very long book. I'd rather not divulge at the moment what it is about. But it gradually is taking shape."

## U.S. Warning Is Given On Food Contamination

(Special to Central Press)  
WASHINGTON, Feb. 24.—"Keep it in the refrigerator," is the warning the United States Public Health Service is giving owners and housewives today as statistics reveal more and more people are unwittingly committing suicide at dining room tables.

Almost every day there is an outbreak of disease from contaminated food, making thousands of people sick each year, some of whom die. This should remind us, the Public Health Service says, that food is perishable.

The Public Health Service, a unit of the Federal Security Agency, is one of several government bureaus which co-operates with local health departments in trying to keep the nation's food safe for consumers.

The Department of Agriculture and the Food and Drug Administration also have well-defined responsibilities in seeing that only pure food is made available in the country.

However, most food-borne sickness and deaths result from contamination during the period just prior to serving. Although the Department of Agriculture inspects meat, there is no guarantee that it will be fit to eat after it leaves the butcher shop.

**Outbreaks More Numerous**

Hollis says that for the period 1938-1946, outbreaks traced to foods have been nearly six times as numerous as those from water or from milk. Disease outbreaks attributed to water and to milk decline during the war years, but food-borne diseases increased.

"In 1942 there were 53 water-borne outbreaks, 45 milk-borne and 245 food-borne. By 1946 the number of outbreaks were reduced to 32 for water and 19 for milk, but food-borne outbreaks rose to 299," Hollis says.

The Food and Drug Administration, another unit of the Federal Security Agency, tries to stop the flow of contaminated food while it is in transit and in trade channels. An average of 30 tons of unfit food is seized every day in storage warehouses.

A recent amendment to the federal food, drug and cosmetic act gives the Food and Drug Administration the right to protect the public from consuming food that has become defiled by rodents and insects while it is being stored after interstate shipment.

For nearly two years, under decisions handed down by the federal courts, filthy products could be seized only when contamination had occurred before or during shipment.

During one five-week period last July federal agents seized 800 tons of food unfit for consumption in 121 storage establishments.

## Egg Production And Marketing Are Considered

Meeting Held At Westfield Grange Hall On Wednesday Night

On Wednesday evening a meeting was held in the Westfield grange hall, sponsored by the Butler Cooperative Egg Auction, to discuss methods and improvements of egg and poultry production and marketing.

Representatives from 26 counties in western Pennsylvania were present at the meeting.

C. M. McCormick, a director of Scott Township Auction, was chairman of the meeting.

Frank Newell, a director of Beaver Falls, told of the organization and growth of the auction in 1933 when the first sale was of only 65 cases of eggs to the present sale of 2500 cases of eggs a week, and the initiation of a live poultry auction in 1947.

Ray Franks, manager of the auction, described the method of operations from the time eggs are received from the nest, through the grading process to the time they are sold to the consumer.

Ralph Dietrich, a director from Butler county, told of the new egg cartoning program, where eggs are packed in cartons of one dozen each and sold to the retailers.

A. K. Birth, extension specialist in poultry marketing, Pennsylvania State college, discussed the "Why of Quality". He said that whenever consumers know the difference they prefer quality eggs, and that producers of higher quality eggs receive a greater financial return and are sure of a stable market.

Mr. Franks answered many questions concerning egg and poultry marketing, asked by the various representatives present at the meeting. Mr. Franks said that every egg when laid is of top quality and the method of handling between nest and consumers table determine the final quality of the egg.

Pancake Breakfast Planned  
For March 15 In Hall

Members of Mabel Wilson Lodge No. 567, gathered on Tuesday evening in St. Margaret's hall at 8 o'clock with Mrs. T. J. LaRock presiding.

Definite plans were made to have initiation of candidates on Tuesday evening, March 8. Social committee will be Mrs. Nick Perrotta, chairman, Mrs. George Tribby, Mrs. William M. King. It was decided to have a pancake breakfast in the lodge hall Tuesday morning, March 15. Mrs. T. J. LaRock and Mrs. Nick Perrotta will be in charge of that event. Birthdays of Mrs. Philip Thomas and Mrs. Lila Thayer were celebrated. A card was received from member Rose Mullen, who is visiting in Miami Beach, Fla.

Games of contest were the diversion of the evening with prizes being distributed.

A delicious lunch was served by the committee, Mrs. Elizabeth Weisbaker and Mrs. Christopher Hutton. Next meeting March 8, in the hall.

## Past Presidents

## Have Dinner Meeting

Members of the Past Presidents club of Mabel Wilson lodge No. 567, were entertained on Wednesday afternoon, in the home of Mrs. Joseph Doone, of East Long avenue.

A sumptuous dinner was served by the hostess, at one o'clock, assisted by Mrs. William Campbell. A new member was received into

the organization, Mrs. William M. King, past president.

There was crocheting and a social period. The club prize was won by Mrs. King.

The next meeting will be held in March, with Mrs. William Campbell of Castlewood, as hostess.

Boy Scout Troop To  
Meet This Evening

This evening, members of the Boy Scouts Troop XV4, will have their regular meeting in the recreation room of Mahoning Methodist church, beginning at 6:30 o'clock.

There will be a chalk talk, dealing with map making, given by Scoutmaster Bill Weitz.

A supply of Boy Scout handbooks and scout field books, will be on hand, for those who desire to purchase them.

Following the scout period adjournment, there will be an important meeting of troop leaders, for making future plans, among them being arranging for Easter camp.

George Meyer Called  
To Buffalo By Death

George Meyer, of 306 West Madison avenue, left Sunday for Buffalo, N. Y., where he was called by the illness of his sister, Mrs. Anna Kulzer, 186 West Chippewa street, LaSalle apartments. Her husband preceded her in death.

Mrs. Kulzer, who had visited in New Castle, died Tuesday as the result of pneumonia, being the first one to die in a family of ten children, of whom she was the seventh. She was born in Canada.

Survivors include three brothers, George Meyer, New Castle; Valentine Meyer, Buffalo, and John Meyer, Neustadt, Canada, and six sisters: Mrs. William Ferguson, Ft. Williams; Mrs. Louis Ermel, Hanover; Mrs. Oscar Mapes, Hamilton; Mrs. William Schaffer, Mrs. Walter

Saunders, and Miss Laura Meyer, all of Kitchener. The sisters reside in Canada.

Funeral services were conducted this afternoon at 2:30 o'clock in Buffalo.

Reports Japs Have  
Happier Conditions

Lieut. James A. McCann and Lieut. John Dutra of the air force, students at Radar school at Glen View Air Base, near Chicago, Ill., have returned after spending a few days with the former's parents, Mr. and Mrs. J. H. McCann of West Clayton street.

Lieut. Dutra returned seven months ago from Japan and reports that the Japanese seem to be quite happy at this time and certainly have more to eat and more freedom than they did under the Jap war lords. One day, while going along the road with his jeep he had a flat tire, a number of Japs hurried over and fixed it for him and seemed happy to do it.

Lieuts. McCann and Dutra expect to complete their course on March 15.

Basketball Team  
Goes To Butler

The Mahoning Junior high basketball team along with a group of students from seventh, eighth and ninth grades of the school, numbering approximately 50, left this afternoon for Butler, where the team will play the Butler Junior high team in a contest.

The team and other students will be accompanied by Rees Flannery and Russell Horcher of the school staff. The bus left the school at 2 p.m. and the happy group will return after 6 o'clock this evening. The game will be played following the Butler school session this afternoon.

Girl Scout Troop  
Patrol Gives Play

On Wednesday afternoon, members of the Girl Scout Troop No. 30 assembled in Mt. Jackson High school, following the school sessions, with Mrs. Thomas Martin, leader, in charge.

Following the opening exercises, there was a short business session. All girls are to have their reservations in by Friday, for the Girl Scout family banquet at the Cathedral on March 10.

The "Mermaid" patrol, under direction of leader, Mrs. Elmer Shaffer, gave a play for the older patrols, "Busy Beavers," and "Mountaineers," entitled "Truth or Consequences," which was much enjoyed.

The older patrols continued during the afternoon on their sewing badge.

Meeting closed with all joining in the Friendship Circle, and the singing of "Taps." Next meeting, Wednesday, March 2, in the school.

Social Cousins  
Meet Wednesday

Social Cousins met at the home of Miss Caroline Marvella, 210 South Lafayette street, Wednesday evening. Cards and 500 were in play during the time. Miss Ida Fire was a special guest.

The table was beautifully decorated in St. Patrick Day style with

Lunch was served by the hostess aided by Mrs. Bruno. On March 16 Mrs. Matilda Perrotta, 820 Hazen street, will entertain.

## SEVENTH WARD PERSONALS

Earl Pellieter of North Liberty street has been confined to his home with illness for a week, and is somewhat improved.

Mrs. Louise Cassella of Lacock street leaves this evening to visit with her aunt, Mrs. Angelo Augelli and family of Chicago, Ill.

Sam Pappaianna of 1000 West Clayton street, who has been confined to his home with illness, is much improved, and returned to his employment in the Penna. Railroad car shops.

Mrs. Myrtle Thompson of Dubois underwent an eye operation at Montefiore hospital, Pittsburgh, two weeks ago, and is recuperating at the home of her son, James Pellieter, of 1006½ North Liberty street.

Word has been received from Mrs. C. M. Todd of Cameron, W.

Va., in which she thanks Mr. and Mrs. J. H. McCann of West Clayton street for a lovely chromium plated bedside table. Mrs. Todd, mother of Mrs. McCann, has been confined to her bed for 14 months after suffering a fractured hip.

Mrs. M. M. Tindall and daughter, Mrs. Minnie Wigley and sons, Miffin and Larry, have returned from a visit in Union Valley, with the former's sister-in-law, Mr. and Mrs. William Baker and family. While there a number of relatives gathered at the home to honor Mrs. Baker's 79th birthday anniversary.

German Civil War  
Is Possibility, Says  
Gen. Lucius Clay

BERLIN, Feb. 24.—(INS)—Gen. Lucius D. Clay believes there is a "strong possibility" that Russia may proclaim a Communist eastern German state before the western powers announce their projected government for west Germany.

The U. S. military governor, in an exclusive statement to International News Service said that

the possibility of a civil war in Germany after the withdrawal of occupation forces must be considered.

He added: "The main question will be how far West Germany is prepared to attempt an amalgamation with West Germany with force."

"There are no definite indications that such force is planned, but we cannot ignore the establishment and increase of a Com-

unist-indoctrinated political police force in East Germany."

Clay said that "the Communists lack the man-power to support any decisive blow" at present against West German authorities. But, he said:

"The Communist apparatus is still strong and functioning in West Germany."

Says MRS. DAYA RUSSO

621 Reynolds St., New Castle, Pa.

"I don't ever remember using Pillsbury's Best Flour until recently. I just happened to get it at the store and I was not sure how it would work in my bread. Well, I was pleasantly surprised. As soon as I started working the dough I knew it was good flour. The dough was easier to handle and real springy. Sure, my bread came out fine... real tasty and tender. I'm using Pillsbury's Best regularly now and I always get perfect results."

"We agree!" say these neighbors: Mrs. Margaret Abraham, 1406 Wilson Ave.; Mrs. Josephine Zingero, 309 Phillips St.; Mrs. Anna Joseph, 712 Arlington St.; Mrs. Charles Albert, 325½ E. Long Ave.; Mrs. Bella Vassilion, 414 Bleakley Ave. and Mrs. Martha Jacobs, 523 E. Long Ave. from New Castle, Pa.

If your bread isn't improved - we offer...  
**DOUBLE YOUR MONEY BACK**

Buy a 25-pound bag of Pillsbury's Best today. Bake bread with it. If you don't agree that it gives you the best bread you ever baked, return the unused portion to your grocer together with the Guarantee Bond in this ad. He'll refund you twice the price you paid for the flour. How can you lose? Get some Pillsbury's Best—for bread, and for everything you bake from cakes and pies to biscuits and rolls. ## Brotherhood Is Kiwanis Topic

Local Pastors Of Different Faiths Give Interpretation Of Meaning

Three local pastors, all of different faiths, gave their interpretation of the meaning of tolerance, in connection with the national observance of Brotherhood Week, by Kiwanis, when they addressed the members of the New Castle Kiwanis club at their weekly luncheon meeting in The Castleton, Wednesday noon.

Rabbi Jules Lipschutz, spiritual leader of Tifereth Israel Synagogue, was the first speaker. He stressed the fact that Brotherhood should be observed throughout the 365 days of the year, instead of just one week, or such efforts would be futile in promoting understanding of the other fellow.

In conclusion, he stated that to him, Americanism has come to mean non-sectarianism, and likened the ideal goal of brotherhood to a great symphonic orchestra, where many different kinds of instruments are played, but the whole producing a beautiful concert, pleasing to the ear.

Rev. J. L. McFarland, pastor of the Second Baptist church, stated that to him, brotherhood meant just as much as it does to any other fair-minded person, the belief that God is our father and man our brother.

It means, he stated, that man was created from the same divine substance, and all should have equal opportunity to make the best of himself according to his capabilities.

The gospel, he stated, as it is being preached in the Protestant churches is not being practiced very diligently, he stated. Man cannot be driven to love, but must find the motivating spirit within himself.

Rev. Father V. V. Stancelowski, pastor of Sts. Philip and James church, was the concluding speaker.

**Tolerance Held Appraisement**  
When one thinks of tolerance, he stated, he is led to think of appeasement, which just doesn't work out. We are different, he said, because no two people were created alike. For our own sake and for America's sake, we should not let prejudice trap us.

In summing up his remarks, he stressed three points: "Don't spread rumors against peoples or religions; speak up against prejudice and for understanding; and accept people on their individual worth."

## A Weak, Run-Down Feeling Is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and off color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm, full, out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## N.S.A. Sponsors First Style Show

Spectators and guests who attended the first style show sponsored by the New Castle Chapter of the National Secretaries Association, learned that the trend of the new spring styles favored the two-tones, the straight skirt and lots of gay pastel shades. The event was held Wednesday evening at the Cathedral, with a Cathedral, with a record-breaking crowd in attendance.

Lovely spring styles caused "ohs" and "ahs" to be heard quite often. Gay accessories are favorites this spring. Brighter and livelier are the shade trends for Milady's outfit. No doubt Easter outfits will be smart and trim this year. New fashions are in the limelight and this year it is a mecca for the teen-ager, and young business woman and young housewife.

Models who presented the styles last evening included: Mrs. Marjorie Marquis, Betty Haas, Dolores Mooney, Norieann McPhillips, Mrs. Nellie Melder, Pauline Minick, Pauline Peterson, Betty Gordon, Mary Sentak, Jacqueline Sines, Helma Rose, Mrs. Dorothy Pulton and Patricia Trehan. Mrs. Simon Skole was the narrator and Miss Olive Webb was the accompanist. Piano selections were given by Bernie Thompson. During intermission, door prizes were captured by Mrs. William DeCarbo and Mrs. Ernest Koch. Many guests attended and a few were from Sharon, Pa.

The committee in charge who are responsible for the evening's success are as follows: General chairman, Helen Kuder; Ruth Cleveland, Lucille Emery, Helen Glass and Twila Shaw, chairmen; Margaret O'Leary, Helen Peacock, Nesta Biewa and Annela Fischer; refreshments—Emma Fischer, chairman; Eleanor Ridley, Jean Dixon, Gertrude Graham, Blanche Davy, Evelyn DeVivo, Edith Hartfelder and Lela Moorehead.

## WOMAN DEPORTED, ARRIVES IN U. S.

(Continued from Page One)

ler on the flight to a TWA stewardess, Adele Ethel Kaczowski of Chicago. Miss Kaczowski quoted Dr. Strong as saying:

**Wanted To Get**  
"I had a little trouble with the Russian government because I wanted to get to China through Siberia."

The stewardess said Dr. Strong told her the Russians "didn't want to open that certain road."

The TWA plane which brought Dr. Strong on the last leg of a 27-hour trip from Paris, via Newfoundland, landed at 12:45 a. m. EST. The landing set off a quick-breaking chain of intense drama that culminated in Dr. Strong's wrought-up denunciation of the press. She singled out International News Service reporter, Jack Lotto, particularly.

**Verbal Slugfest**  
NEW YORK, Feb. 25.—(INS)—Dr. Anna Louise Strong's first news conference upon her arrival from Russia today turned into a verbal slugfest between the Russian deportee and Jack Lotto, International News Service staff correspondent.

Lotto interrupted her to report: "I must apologize for speaking this way to a 64-year-old woman, but I feel I must. Anything I wrote was absolutely the truth the way you told it to me on the flight down from Gander and I will not change a single line of copy. You are the one who is not telling the truth."

The reporter then read to the woman, expelled from Russia on espionage and sabotage charges, some of her words.

"Oh yes," she replied, "now I recall I did say that."

Time and time again Lotto prodded her memory and Mrs. Strong almost reluctantly admitted she had made the remarks she charged the International News Service reporter was "falsifying."

"How do you know what I wrote," Lotto asked, "when you haven't even seen the story?" Mrs. Strong ignored the question.

Estimates have been made and seem to show that crimes against persons are more common in warm climates, and against property in cold climates.

## Bomb Scare For Cardinal Spellman Being Investigated

NEW YORK, Feb. 24.—(INS)—Francis Cardinal Spellman today laughed off what appeared to be a bomb scare that brought a score of police to his residence at 50th St. and Madison Ave. last night.

But authorities pressed an investigation in Detroit, where an unemployed painter readily admitted having sent a mysterious-looking steel-riveted metal suitcase to the Cardinal.

The painter was arrested on charges of violating postal laws. The suitcase, after being subjected to cautious investigating, disclosed:

A religious tract, two clay plates inscribed with the Lord's prayer, a pair of cake plates, and a jar filled with what seemed to be particles of zinc.

In Detroit, Edward Herbert, said he sent the suitcase two days ago and added:

"I can't understand what the confusion is all about. Any further information will have to come from Cardinal Spellman. My business was with him. I have nothing more to say. I have harmed no one."

## Baird Society Names Officers

Baird Missionary society gathered in Highland U. P. church Wednesday afternoon, when officers were named for the coming year. Those elected follow: president, Mrs. Howard Gardner; vice-presidents, first, Mrs. Robert Weber, second, Mrs. James Merrilees; recording secretary, Mrs. William Schmid; corresponding secretary, Mrs. Fred Bell, and treasurer, Mrs. Guy Aubel.

Departmental secretaries are: thank offering, Mrs. C. J. Streib; temperance, Mrs. Willis Alben; literature, Mrs. Clyde Barry; efficiency, Mrs. F. J. Fox, and prayer cycle, Mrs. John Haven. Mrs. M. Ingham will serve as pianist.

Mrs. Gardner led in the opening prayer, while Mrs. George Roof was devotional leader. Mrs. A. C. Allen, Mrs. Streib and Miss Grace McNulty conducted the prayer cycle.

Using "Christian Voices in China" as her topic, Mrs. Weber was responsible for the program, when she read several current letters, written by Baptist missionaries now serving in that country. Mrs. Weber, who told of hardships, suffered by the Chinese, also spoke of the Communistic influence.

Mrs. R. D. Rhodes, Mrs. Bell, Mrs. A. N. Bergland and Mrs.

## COMMITTED TO JAIL

William Brewer, of Detroit, was charged in informations sworn to by William Scott of Mahoning avenue and Mrs. Sarah Black, Hobart street, with assault and battery and assault with a knife before Alderman C. L. Mantz today. He was committed to jail, pending a hearing. It was alleged he pulled a knife on both persons, early this morning. He was arrested by Policemen Goodman and Weis.

# AMAZING NEW DISCOVERY FOR RHEUMATISM, ARTHRITIS

## NO FASTER ARTHRITIC PAIN RELIEF KNOWN... SAFE

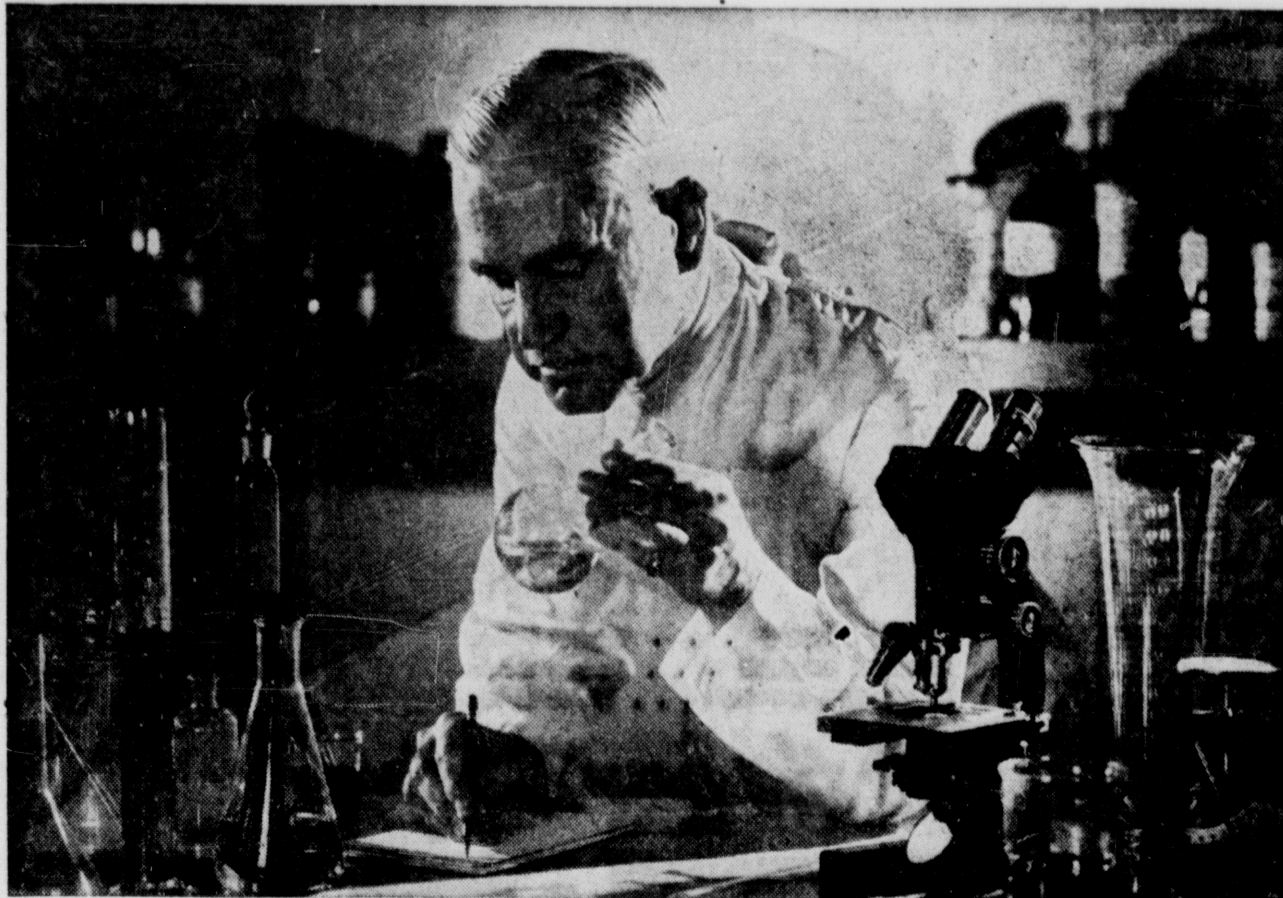

**HOSPITAL TESTED** Stops Swelling.. Uncorks Joints.. Contains Sensational New Research Discovery

### NEW, SAFE, SCIENTIFIC TABLET

Not a Narcotic... Not Habit Forming...

AT LAST THE STORY CAN BE TOLD! Medical science developed the amazing wonder-working drugs Sulfa and Penicillin... then turned attention to relieving the agonizing pains caused by rheumatism and arthritis. The result of extensive research is a wonder-working ingredient which is now combined with other pharmaceuticals into a remarkable preparation called IMDRIN. Longtime sufferers from rheumatism, arthritis, neuritis, and gout may find IMDRIN gives glorious relief so sensationally fast it's really amazing! There's nothing faster available to the public today. Contains no dope or harmful drugs. Only after three long years of clinical work and hospital testing was this fast, safe pain-killer developed, but today it is REALITY. If you suffer rheumatic pain ask for IMDRIN at drug stores.

### DEVELOPED AFTER THREE YEARS OF EXTENSIVE TESTS IN HOSPITAL CLINICS

IMDRIN has been a closely guarded experimental secret before release for public use. Yes, medical men, after three years of extensive hospital tests, have proved conclusively that IMDRIN works internally toward amazing reduction of pain, heat, redness, and swelling in the joints. Patients undergoing IMDRIN therapy in these hospital clinics often were able to resume comfortable living completely, after other remedies had failed. Every victim of rheumatism, arthritis, neuritis, sciatica, gout, neuralgia, etc., should investigate this new development of modern medicine. Ask for IMDRIN at drug stores. Truly IMDRIN is today's big proprietary success.

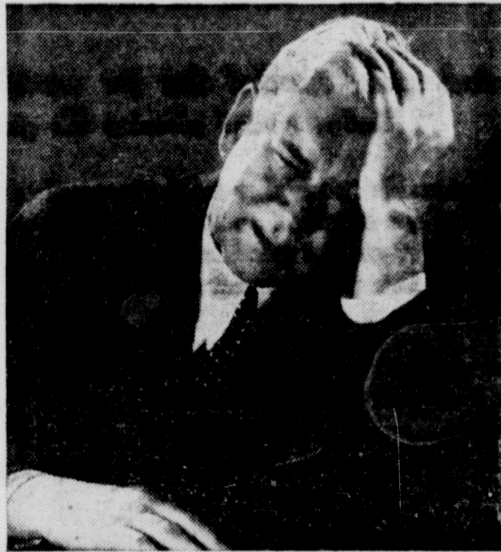

## Relieves Pain and Suffering After 20 Years of Torture!

"I call IMDRIN a miracle and you can understand why when I tell you that the pain which had tortured and crippled me, and for which there seemed no relief, was gone after I had taken IMDRIN. Now, for the first time in years, I can move about without pain and enjoy life once again. Surely the thousands of unfortunates like me who are seeking relief from the pains of arthritis should be happy to learn about the blessed, fast-acting ingredient which IMDRIN contains. It surely goes to work fast and gets results!"  
Gratefully yours,  
A. C.  
Chicago, Illinois

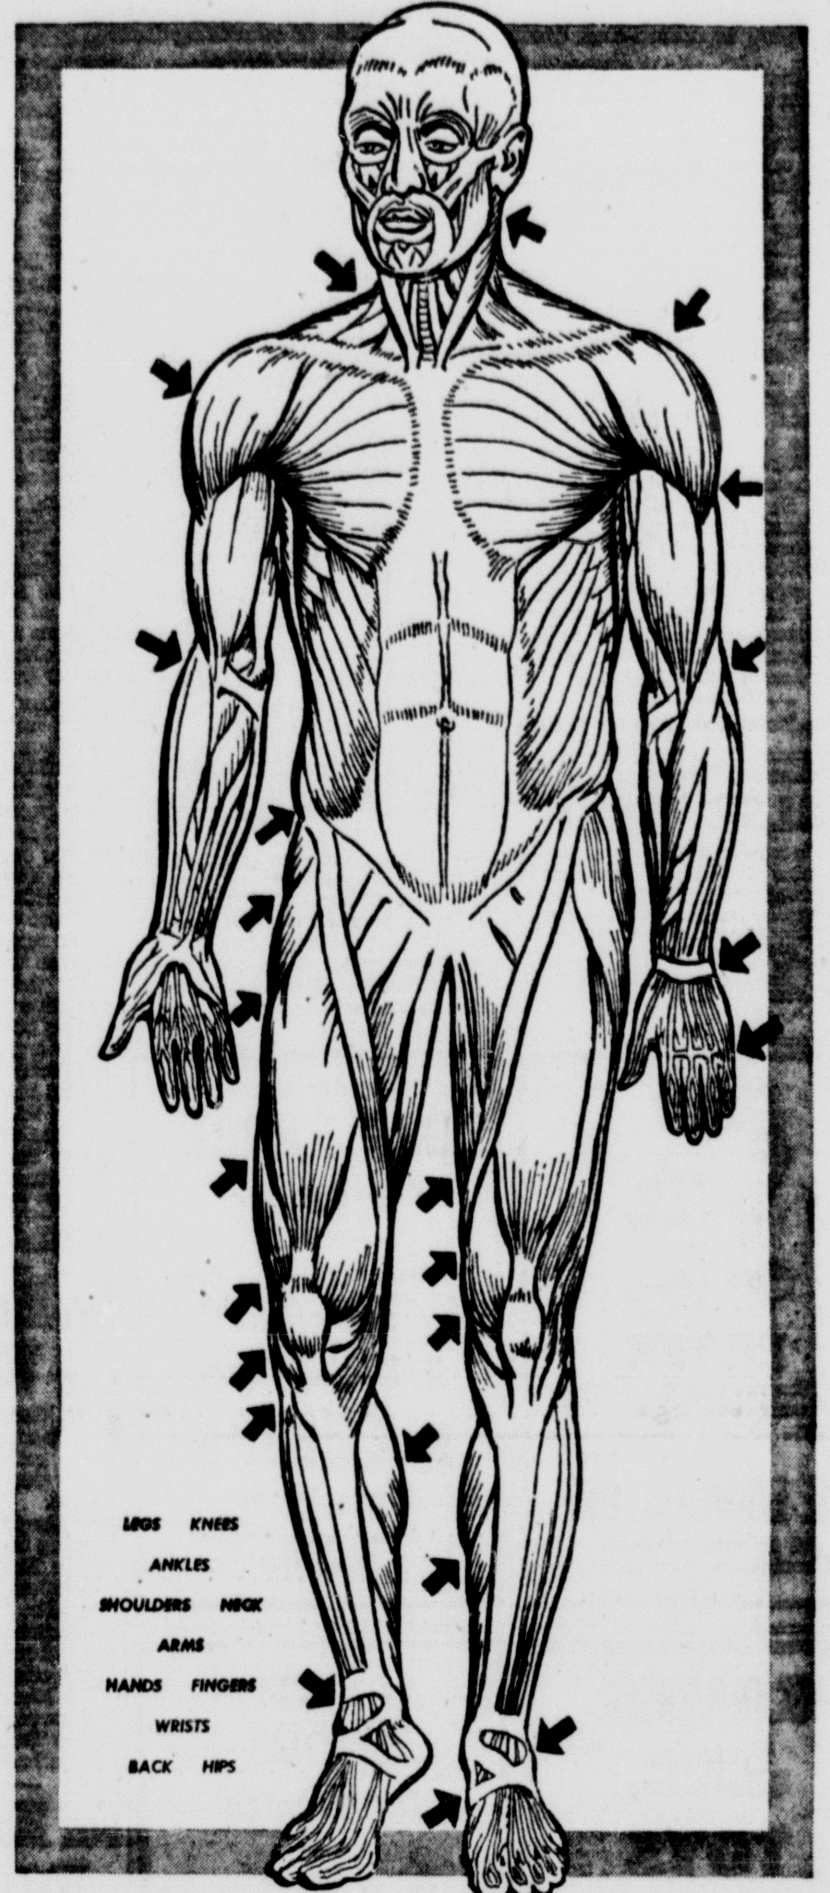

"I had arthritis and rheumatism so bad I could hardly get around. In fact, I went to several doctors who told me that my case was hopeless and that they could do nothing for me. Well, I had about given up hope when I saw your ad in the paper and bought a bottle of IMDRIN. I really think it's a wonder. I feel better with every dose I take. It seems like a dream to be free of so much pain!"  
MRS. A. R. WEBB  
311 N. Bryan Street, Amarillo, Texas

"I am not getting paid for these words, but I want everyone to know what I know about IMDRIN. I had rheumatism and arthritis in my left shoulder and arm so bad I could hardly use it. Everytime I moved my arm it hurt just like sticking a knife into it. I was like a one-armed person. I tried all kinds of remedies that did no good. Then I tried IMDRIN. Now since I have IMDRIN, I suffer no more pain! No one can realize the wonderful relief it gives a person that suffered like I did. IMDRIN is worth hundreds of dollars to me!"  
A. C. STOCKTON  
111 N. Wheaton Avenue, Wheaton, Illinois

"Even though my daughter is a registered nurse she could not find anything to help her agonizing arthritic pains. She tried everything but nothing did her any good. Then she bought IMDRIN and she has had miraculous results. I am going to tell all my friends about the wonderful relief from IMDRIN. It really is an amazing remedy."  
MRS. C. C.  
Kunklestown, Pennsylvania

### WHERE RHEUMATISM STRIKES... AND HOW TO DETECT IT!

Rheumatic and arthritic pain and inflammation can strike the joints in any of the indicated affected areas. (See arrows in chart above.) But these diseases have many forms and each form has varying symptoms. Rheumatoid arthritis is an infection of the joints which fill with fluid; the skin around them may be red, the joints themselves swollen and painful. Still another form is specific infectious arthritis.

All these various forms of arthritis and rheumatism are accompanied by pain, very often swelling and stiffness... if you get up mornings dreading the suffering the day may hold, and do it day after day, month after month, year after year... listen! IMDRIN may answer your problem of comfortable living. In case after case IMDRIN has proved its potency. IMDRIN is one of the fastest arthritic and rheumatic pain relievers known to medical science. Cases deemed almost hopeless... persons who suffered and waited and hoped for as long as twenty years were able to live happy comfortable human lives once again. No other medication for rheumatism and arthritis can make this amazing statement... and back it up with proven hospital and clinical records. DON'T GIVE UP HOPE. Amazing new IMDRIN brings new hope of a better life for you... and it is as close to you right now as your nearest drug store. Get IMDRIN today. Use only as directed. If you don't agree that amazing, new, scientific IMDRIN is the greatest blessing you've ever discovered, return for your money back. Get IMDRIN today... resume comfortable living tonight!

### How IMDRIN Helps You!

If you have suffered the tortures of the damned because of rheumatic and arthritic pains, swelling and stiffness... if you get up mornings dreading the suffering the day may hold, and do it day after day, month after month, year after year... listen! ## Two Permanent Highway State-Aid Grants Are Urged

Joint State Government Commission Makes Recommendations After Study

HARRISBURG, Feb. 24—(INS)—Two types of permanent state grants designed to add \$3,298,269 a year to customary highway state-aid were proposed Wednesday in a report of the joint state government commission following a two years study.

The commission recommended the State make permanent "basic grants" of \$400 per mile a year to cities, boroughs, and towns and first-class townships, and \$120 per mile a year to second-class townships.

The basic grants would "provide approximately the present level of aid but would allow for continuous planning because of permanency in amount and duration."

Supplemental grants of not more than 50 per cent to second-class townships for primary roads for construction, resurfacing and maintenance was suggested by the commission.

The basic grants, the commission estimated would amount to \$5,107,000 at \$400 per mile, and at \$120 a mile to second-class townships, an additional \$5,460,000. Supplemental grants of not more than half the basic grant would come to \$2,730,000.

The total funds paid out annually by the State under the commission recommendations would be \$13,298,269—compared with the current \$10,000,000 bill.

The report in addition warned that any basic change in the system of highway administration in the State would "disrupt well established home rule" features.

## Jesus Teaches The People

MASTER TELLS HOW SONS OF GOD SHOULD LIVE

Scripture—Matthew 5-7  
By NEWMAN CAMPBELL

There has never been a time in the world's history when men and women who believe in the things Jesus taught in his Sermon on the Mount were so much needed, as today.

The world is sick, but what hope and healthfulness could be obtained if this great sermon could be taken to heart by all the peoples of the earth, and practiced. We have many new drugs that help to bring physical health to those who are suffering bodily ills, but there are no sulfa drugs, penicillin, and other magic substances that will comfort those who mourn, who are persecuted, who need mercy shown them, or who are discriminated against because of something that they cannot help or change.

Crowds of people followed Jesus everywhere—some out of curiosity, probably, many because they loved to listen to Him and believed what He told them. The latter were His disciples.

Seeing the multitudes of people who followed Him, Jesus went up into a mountain in the spring of 27 A. D. We do not know what mountain it was, but when He had reached the top, He sat down—as was customary with teachers in those days—and "taught them."

What did He teach? Not science, not history, or grammar or any ordinary school subject, but He gave them the rules to follow if they would truly become sons of God—His children. These were the standards of Christian living—the moral laws that His followers should keep as their ideals and pursue unceasingly.

"Blessed are they," said Jesus, "who are poor in spirit." Whether they are rich or poor in this world's goods, they need not be proud. Like Jesus Himself, they need not think of themselves, but of others, and forgetting their earthly condition, yet do good deeds, and practice His teachings.

"Blessed are those that mourn, for they shall be comforted." When grief comes to some people, they shut themselves up, concentrate on their sorrow, and mourn unceasingly. Others—and these are the mourners who shall be comforted—realize that because of their own grief they understand the sufferings of others, and can help them to bear their burdens.

"Blessed are the merciful, for they shall obtain mercy."

"Blessed are the peacemakers, for they shall be called the sons of God."

"Ye have heard it said (referring to the old Jewish law), Thou shalt love thy neighbor, and hate thine enemy, but I say unto you Love your enemies, and pray for them that persecute you."

If you love only those who love you, how much better are you than others? Jesus asks. Everyone loves friends and neighbors, but what of strangers that are within our gates, or those who do not like us? Do we make the strangers feel at home and happy in a new land instead of calling them "foreigners" and ignoring them? Do we try to find out why some folk dislike us, and strive to see if the fault lies with us?

Jesus hated hypocrites. The Scribes and Pharisees, who were very careful to observe all the forms and ceremonies of the law, were often targets of his righteous wrath. The giver to charitable causes who wants everyone to know how generous he has been; or who gives because his neighbor does, is rebuked by Him "Therefore when thou doest thine alms, do not sound a trumpet before thee, as the hypocrites do in the synagogues and in the streets, that they may have glory of men . . . But when thou doest alms, let not thy left hand know what thy right hand doeth."

"And when thou prayest, thou shalt not be as the hypocrites are: for they love to pray standing in the synagogues and in the corners of the streets, that they may be seen of men . . . But when thou prayest, enter into thy closet, and when thou hast shut the door, pray to thy Father which is in secret."

"After this manner pray ye," Jesus said, and gave them the Lord's prayer as an example. Isn't it thrilling to think of the millions of people all over the world who have repeated that simple prayer since Jesus gave it to the multitude on the mountainside so long ago? Some, doubtless, heedless of Jesus' admonition, recite it without much thought to its meaning, but thousands more pray to their Father in Heaven with earnest fervor.

In the space assigned we can give but a very small portion of this beautiful sermon—which is really a number of sermons in one. It touches every part of our daily living, and if we remember Jesus' words and earnestly try to follow His teaching, we will become much better for that grand Sermon on the Mount.

### Dr. Murphy Ends Work In Schools

Dr. George E. Murphy, head of the Reading Clinic, Pennsylvania State college, has completed his work with the teachers in New Castle. While he was here he held conferences with not only the reading teachers, but all the teachers in New Castle, for reading is a problem for all teachers. While here, Dr. Murphy held 14 different conferences with groups of teachers and individual conferences with many others.

Dr. Murphy is a dynamic teacher and most of the teachers of New Castle feel that his work here was most stimulating.

### Fox Makes Study Of Water Discoloration

Owen Fox, city's forester, and outdoorsman, reported that he received nine complaints last night concerning the discoloration of Hickory Creek. He went to view the discoloration and said the stream was filled with sediment. Fish Protector C. B. White, New Wilmington, has reported the situation to the state sanitary waterways commission.

Very little water falls as rain on Puerto Rico's north or south sea coasts. Rainfall is particularly scant on the south coast. A heavy trade winds strike the mountains that extend east and west through the island's center, and this water, imprisoned by high mountains, is utilized in the development of hydro-electric power to run street cars, light cities and operate factories.

Drive Slow—Children Move Fast

Some of the finest needlework in the world is done in Puerto Rico where the work is hereditary among skilled women. The art of beautiful lace making and embroidery came originally from Spain, and has been carried on in Puerto Rico for over 350 years. The hereditary center of the industry is the city of Ponce. A World War II fast carrier task force could throw up a concentrated anti-aircraft fire of 6,000 shells a second. This means 200 tons of hot metal a minute.

## State Capitol

End Of Session  
Now Uncertain

Not Believed Legislature  
Will End April 1 Despite  
Statements

OTHER NEWS OF  
STATE AFFAIRS

HARRISBURG, Feb. 24.—(INS)—Final adjournment of the 1949 session of the General Assembly still is a matter for speculation despite the confident public statements by leaders that the final gavel will fall around April 1. Privately they hope now for a mid-April adjournment but would not be surprised if the end was postponed until May. There is too much work to be done during a session which, in effect, plots the commonwealth's activities for two years, to allow final adjournment under four months. Despite the Republican domination of the house and senate, the GOP cannot railroad legislation because Democrats have a powerful constitutional weapon which can be used to slow activity. It is the requirement that all bills must be read "at length" on three separate days in each chamber. Only the titles of bills are read under present procedure to speed work. Democrats in the senate used the club to force Republicans to agree to a public hearing on a bill which would place transportation employees within the 1947 act banning strikes by workers in public utilities.

The railroad lobby on Capitol Hill is working overtime against a bill which would raise the legal limit for tractors and single axle tandem trailers from 45,000 to 62,000 pounds. Other weight changes have been proposed in a bill sponsored by the Pennsylvania Motor Truck association but the single axle tandem vehicle is subject to much controversy. There is speculation whether the legislature will go along on a 5,000 pound increase as a reward to the trucking industry for not coming out in the open against the house-approved penny-a-gallon boost in gasoline taxes which is certain to pass the senate.

The Pennsylvania Federation of the Blind has launched a worthwhile project to assure summer vacations for blind men and women. A 463-acre tract embracing a 20-room lodge on the Juniata river near Mt. Union has been selected but \$30,000 is needed to finance the purchase. The association hopes for contributions to underwrite two weeks vacations for sightless persons in a picturesque setting which they will never be fortunate enough to see. Contributions are handled by David Wetzel, treasurer of Vacation for the Blind, Inc., at the Russel National Bank in Lewis-town.

The Bureau of Unemployment Compensation is swamped with pay orders for jobless Pennsylvanians. The bureau has estimated the total number of jobless at approximately 190,000. The upward trend is expected to level off as soon as spring curtails the winter layoff schedules which have formed a definite pattern in postwar years.

Teachers pay legislation is one of the more explosive problems confronting assemblymen which remains to be settled before final adjournment. The Pennsylvania State Education association wants a \$2,400 state-mandated minimum wage for teachers while the Pennsylvania Federation of Teachers has asked \$2,200. The minimum now is \$1,950. An increase voted two years ago cost the state about \$24,000,000. Approximately \$20,000,000 is to be added this year for increments under the 1947 act.

Puerto Rico claims the best women baseball players in the world. Championship games are often held at night.

## New Member Is Welcomed To Bar

Perry L. Reeher Is Admitted To Practice At Ceremony Wednesday

### OTHER NEWS OF COURT HOUSE HILL

Perry L. Reeher, son of Mr. and Mrs. Perry L. Reeher of 419 Garfield avenue, became the newest member of the Lawrence county bar at appropriate ceremonies carried out in Court Room One on Wednesday.

Both Judges W. Walter Braham and John G. Lamoree were on the bench for the ceremony and Attorney Roy L. Hazen, in whose office Mr. Reeher has been studying, served as his preceptor and presented his petition for admission. A large number of the members of the bar association were also present for the ceremony, at the conclusion of which Mr. Reeher presented Court Crier Clifford Vance with a silver dollar in keeping with the tradition of these rites.

Mr. Reeher will be associated with Attorney Michael A. Barletta of Ellwood City for the immediate future. He is a graduate of Westminster college and the University of Pittsburgh and is a veteran of World War II. He is also a married man, thus possessing all the qualification for a successful barrister.

### NEW TRIAL GRANTED

In an opinion handed down by Judge W. Walter Braham in the action of Erma I. Seamons vs. George E. Watters and Isabelle H. Watters, his wife, the defendants' motion for judgment notwithstanding the verdict was refused but the defendants' motion for a new trial was granted.

The plaintiff secured a verdict in an action in ejectment involving disputed ownership of a three-foot strip of land extending from East Washington street southward toward Huron avenue a distance of 120 feet. The plaintiff's home is to the north of this strip and the defendants' home and monument ship is to the south.

Both parties deeded which show claim to the disputed strip of land and at a recent trial a verdict was won by the plaintiff, following which the defendants presented a motion for a new trial. Non Obstante verdicto and also asked for a new trial.

**"BOWL-MIX" NUCOA SAVES ME MONEY... AND COLORING TWO POUNDS TOGETHER SAVES ME TIME!**

**No trick "squeeze-bag" to pay for!**

These days I can't afford to pay extra for a "squeeze-bag." And anyway, why should I? "Bowl-mix" Nucoa colors more evenly... no streaks or "sunbursts." What's more, I can "bowl-mix" two pounds together almost as quickly as one. Yes, one quick "bowl-mix" gives me two pounds of delicious Nucoa ready for use.

**And Nucoa is such a wonderful spread!**

It's as smooth in texture and as delicate and fresh in flavor as the most expensive spreads. And no churned spread is richer in food energy or a finer year-round source of Vitamin A. Yes, Nucoa is truly a BEST FOODS buy!

**Two Maiden Aunts  
In School Play**

B. Hennon Shirley Sarber

Beverly Jean Hennon and Shirley Ann Sarber are cast for roles of the two maiden aunts who keep house for the professor of the senior high school's comedy, "The Professor Goes Haywire." Since they also have reared him from infancy, the young man who is scheduled to go haywire before the audience on Friday evening, shows the marks of this unusual background in the first scenes of the play. His development will be followed step by step by the delighted audience.

Under the influence of Haywire Week, these two sweet, sentimental old souls, cast off the years-old inhibitions that have interfered with their nephew's life as well as their own. They blossom out into something like co-eds, in spite of their gray hair. One of the big scenes of the play is a practice boxing match in which Aunt Lucinda acts as sparring partner for her nephew to get him ready for a match with a real boxing champion. That match is all a big mistake but that Aunt Lucinda does not know.

Beverly Hennon is the daughter of Mr. and Mrs. Charles E. Hennon of West Washington street. Shirley is the daughter of the Rev. and Mrs. George R. Sarber of West Falls street.

Informations Made Before Two  
Local Aldermen For Viola-  
tions Of Dog Law

Thirty-nine local dog owners, who thought that the provisions of the Pennsylvania dog laws applied only to their neighbors found themselves behind the eight ball yesterday, when informations were made against them before two local aldermen, as a result of sweeping raids made by officers led by Howard McLure, dog law investigator.

Twenty-two will have hearings before Alderman Edward D.

Pritchard of the Second ward, while the other 17 will have hearings before Alderman T. C. Rainey of the Seventh ward, all on March 3.

Dog owners have had ample opportunity to comply with the law, enforcement agent McLure stated today, and those who fail to do so by securing license tags and affixing them to the dog's collar, will also find themselves facing prosecution.

The odd Outer Banks guarding the North Carolina coast, are thought to have formed when friction applied by the shallow coast to incoming waves caused them to slow up and drop their burden of sand particles.

# Mid-Atlantic Baseball Team Here Will Be Known As "Nats"

## Washington Promises Splendid Cooperation

New Castle baseball fans will be rooting for the "Nats" or Nationals this summer. The Chiefs have gone out of existence.

Mike Cannavino, general manager and Billy Monigello, the new playing-manager have returned from a conference with Ossie Bluege, farm director for the Washington Senators and have gone to work to get the local organization functioning.

It was the expressed wish of Clark Griffith, owner of the Washington club, that New Castle be known as the "Nats" this year. Bluege has promised the local Class C Mid-Atlantic team 100% cooperation in providing player strength here, under the working agreement.

**Promises Players**

Bluege has promised the following to New Castle—two catchers, a first baseman, a shortstop, four outfielders and two pitchers, with others to be named later after spring training down south.

Washington's farm system consists of 1 AA club—Chattanooga, of the Southern Association; 3 B clubs, and 4 D clubs, with New Castle the only Class C club. Washington trains at Winter Gardens, Florida.

Bluege is of the opinion that New Castle will be among the leaders in the Mid-Atlantic this summer.

BILL MONIGELLO

mer. He has every confidence in the ability of Billy Monigello, who managed Uniontown last year, and also at Niagara Falls in 1947. Monigello has never had a team finish lower than third place and won at Niagara Falls.

**In Thick of Fight**

Spring training here will start April 15th, Monigello announced. Most of the players reporting here will have had training with the Senators, Chattanooga, Hagerstown, Md., or Charlotte, N. C. The season opens Friday, April 29th.

Furthermore Bluege has promised to be here for the big Booster banquet to be held April 28th.

New Castle fans can start dreaming of a pennant winner here this summer, or at least a team that will be in the thick of the fight.

## Croton, Baptists In 'B' Church Wins

Croton soundly laced First Presbyterian 76 to 40 in a "B" church league game at the "Y" last night. Dick Snow had 30 for Croton and Paul Simpson led the losers with 19.

First Baptists took a league tilt from Wesley 45 to 35. Bob Hay, Ben Haines and Bill McCallion combined to score 35 for the winners and Jack Pitzer sparked Wesley with 22.

First Methodist took the measure of the Falcon Juniors in a non-league affair, 36 to 20. Jim Gibson had 16 for the Methodists and Prague had 10 for the Falcons.

"What did I tell you, Professor—doesn't that Cisco Solvent really clean her out?"

**CITIES SERVICE**

Most people don't let their engines get in the same condition that the Professor did... but all engines collect deposits of sludge, grit or dirt in the oil lines, around the screen and other vital parts.

Patented Cisco Solvent, unlike mere "flushing oils," dissolves sludge... washes out grit and dirt... leaves the oiling system clean, ready for fresh, new oil.

We suggest you get our patented Cisco Solvent treatment before every oil change for smoother, longer engine performance. Remember, Cisco Solvent is a Cities Service exclusive. Try it today!

## Mt. Jackson Plays Findlay In First Tournament Game

Section 23 Champs Meet Veteran Team At New Brighton Monday, Feb. 28

Findlay High Rockets of Section 15 will be the opponents of Mt. Jackson, Section 23 champs, in the first round of the class B, W.P.I.A.E. basketball playoffs. It was decided at a meeting of the decisions committee last night.

The Mounties will play their first tournament game Monday, February 28, in the New Brighton gym at 8 o'clock. It had been anticipated that Evans City, two-time winner over the local champs in exhibition games, would be the first playoff opponent for Mt. Jackson. Even though Findlay may be every bit as tough as Evans City's undefeated Big Red, the current pairing is more appealing to Fran Webster's cagers than an early tournament clash with Evans City.

**Veteran Team**

Findlay is a small fast team that has been undefeated in Section 15 play. They have run over 12 consecutive opponents with comparative ease. The Mounties opponents do not have a man over 5-11 but they have an experienced squad. Each of the starters have played at least two years of varsity basketball.

Coach Webster has had his boys working out every day in anticipation of the Maroon and Gray's first opportunity to play in a W.P.I.A.E. tourney. Some experience on a big floor is scheduled for the Mounties before the Monday tilt, and Webster will try to eliminate some of the shortcomings that led to the Friday defeat at Bessemer.

Bill Emery, Mt. Jackson's high scoring forward and ace playmaker, has been forgoing practice this week because of a severe cold but is expected to be in shape for the Findlay clash.

**Ticket Sales**

Principal S. G. McCullough of Mt. Jackson announced that tickets for the game at New Brighton will go on sale tomorrow. Tickets for the tourney sell at 75 cents per person. There are no reserved seats and no special price for students.

Tony Sparando, Mort Lindsey And Dr. Harry Kerr To Occupy Alleys

ATLANTIC CITY, N. J., Feb. 24.—(INS)—Some of the better teams from Philadelphia and New York City will take over the alleys at the 46th annual American Bowling Congress championships in huge convention hall tonight.

Tony Sparando, with a better than 200 average for competition in the last ten ABC tournaments, will lead the potent American bowling team from New York in bidding for a share of the more than \$300,000 prize melon. The big city metropolitan league squad has a 1000 average.

Another member of this top-notch team is Mort Lindsey, of Stamford, Conn., three-time ABC champ back in 1912, 1914 and 1919. He is participating in his 37th ABC Stanley's in Eighth Place.

The Brunswick Red Crowns, of Phila., another 1000 average team, will lead a group of well known bowlers from the Quaker City.

A member of this squad is Dr. Harry Kerr, an osteopath, who has bowled two 300 games and shot two holes-in-one in golf.

The Stanley's Men's Shop squad, from New York, now holds eighth place in the team event standings with 2807.

Two squads of Booster teams from northern New Jersey and the Philadelphia area competed in the five-man event last night. Know Cleaners, of Newark, with 2607 won the \$100 squad prize.

## K. Pulaskis To Play Epworths

Tonight at the K. Pulaski Hall the K.P. "Big Five" meets the Epworth team of the church league at 8 o'clock. The Pulaskis have added the young star Don Reed to their roster. Coach Hnat asks that all players be prompt in reporting.

## Fly-Tying Demonstration At Union High

Left to right: Eddie Fritz Jr., Lawrence County Sportsman's Association; at table, Wilbur Patterson, Union High fly-tying instructor; tying fly, Eddie Clark, and in rear, Joseph Ostroskey, Oakland Junior sportsman.

It was fly-tying night, last night, at Union Township high school, where Wilbur Patterson, Union high tutor, and an outdoorsman, gave a demonstration in the art to more than two score youths ranging in age from 12 to 18. Some adults who wish to be taught the art also attended the meeting.

Patterson displayed and explained various hooks, the different kind of flies, and the material which is used to make flies. He tied several flies to show the students how artificial lures for fish are made.

**Every Tuesday**

It was explained that those who attended last night's demonstration, in addition to others who

desire, may attend the Fly-tying classes of the Union High Junior Sportsman's class, at 7:30 every Tuesday night.

Last night's demonstration was a combination affair by the Union High class, Oakland Junior Sportsmen, Shenango Fishing and Hunting class and Junior Conservation club of the Lawrence County Sportsman's association.

## Sixteenth Team Enters Tourney

Greek Ahepas Enter Optimist Tourney Starting Next Monday Night

The Optimist club annual Lawrence county senior basketball tournament will start next Monday at the Washington Junior High gym with 16 teams in the fold. The 16th team to enter was the Greek Ahepa quintet.

A tourney committee meeting will be held at the Castleton Hotel at 7:30 o'clock tonight, by members of the Optimist Club. The tourney pairings will be made and the opening night schedule announced.

Indications point to a very successful tournament this year with Lee Fry as general chairman.

## Harold Johnson Decisions Godoy

PHILADELPHIA, Feb. 24.—(INS)—Harold Johnson is a step nearer a match for the light-heavyweight crown today by virtue of his convincing victory over Chile's Arturo Godoy in a 10-round main go at Philadelphia's Convention Hall.

The victory was the 24th straight for the Philadelphia, whose crisp jolts repeatedly stopped the bull-like rushes of Godoy, despite the veteran's 22-pound weight advantage.

Godoy beamed 200 against Johnson's 178, but his weight, coupled with his age, worked against him from the fourth round on.

Pete Moran, co-promoter of last night's bout, called Ted Broadbent a \$30,000 offer to bring champion Freddie Mills here for a bout with Johnson—title or over-the-weight.

## Pitt Defeats Carnegie Tech

PITTSBURGH, Feb. 24.—(INS)—Carnegie Tech's four-game winning streak was shattered today by the Pitt Panthers who trounced the Tartans 76-49 in Pittsburgh Wednesday night.

Pitt guard Sammy David took his usual honors with 14 field goals and eight out of 10 fouls, scoring in every bracket.

It was Pitt's 14th straight victory over Carnegie Tech.

The Panthers' season total now stands at 10 wins and 13 losses while the Tartans have won seven and dropped 11.

## Edenburg Nine To Meet Tonight

Edenburg Baseball club of the Lawrence County league will meet tonight in the Community Hall to discuss the coming season and to finish some of last year's business.

According to Edgar Leeper, the meeting time will be 7 o'clock and anyone interested is welcome to attend.

**LINCOLN-GARFIELD WINS**

Rivalry between Lincoln-Garfield and Pollock elementary schools was demonstrated Tuesday, when Lincoln nipped Pollock 17 to 15 at the Lincoln school gymnasium. The game could have swung to either team at any time in the contest.

Added attraction were the cheerleaders from both schools. Those from Lincoln were Mary Jane Tarnocel, Rita Marcella, Rita Gabriel, Catherine Joseph, and Lorraine Omar; those from Pollock were Margaret Morelli, Mary Lou Fire, Theresa Copley, and Mary Louise Mele. The girls deserve a great deal of credit for making the game the success it was.

## 'Riz' Has Better Chance Against Art

Although Freddie Schott, the more than six foot, 200-pounder who boxed Elkins Brothers at Flaherty field a year ago last summer, proved too big a fighter for Rizieri Ronzi to defeat, Rushin' Riz' hopes to defeat Art Williams in The Arena, March 2. Ronzi's last fight resulted in a knockout over Tommy Woodward in Akron, in the same ring where he lost a decision to Schott.

Schott's height and reach proved too much for the Youngstown fighter, but things will be more equal in his fight with Williams.

Both are in training for the bout.

## Falcons To Play Campbell Quintet

The Polish Falcons will play the Campbell K. Pulaski five tonight at the Falcon floor.

In the preliminary game the Polish Falcon Reserves will meet the Campbell K. P. Reserves. Game time, 7 p. m., with the main event at 8:30.

## Umpires Will Meet Tonight

The Lawrence County umpires will have a meeting and election of officers at the "Y" tonight, at 8 o'clock. Albert Conti, will conduct the meeting and asks that all members try and get to this important session.

## LOUIS EXTENDING TOUR TO CURACAO

## WPIAL Playoffs, And Eliminations Are Announced

PITTSBURGH, Feb. 24.—(INS)—Arrangements were completed today for the annual Class A WPIAL championship basketball tournament.

The WPIAL basketball committee completed final arrangements for the playoff at a meeting Wednesday in Pittsburgh.

The three-week series of games will get underway Friday at the Pitt stadium in Pittsburgh and in New Kensington, with sectional titles in the balance.

**CLASS A PLAYOFF SCHEDULE**

Friday, Feb. 25—Latrobe vs Jeannette, Pitt stadium; Leechburg vs Springdale, New Kensington.

Saturday, Feb. 26—Uniontown vs South Union, at Donora; Monaca vs Midland, at Beaver Falls.

## BRENTWOOD WINS SECTION IV TITLE

PITTSBURGH, Feb. 24.—(INS)—One more WPIAL Class A sectional race was decided Tuesday night as five ended in ties between the two top teams.

Brentwood (11-1) of Section IV joined Homestead (10-0), Aliquippa (12-0), New Kensington (10-2), Canonsburg (12-0) and Rankin (11-1) as a sectional champion. The Spartans beat Baldwin (9-3), 50-41, to clinch the crown.

Another contender was eliminated in Section XI where Latrobe (10-3) defeated Scottdale (6-4), 44-40. This means Latrobe must meet Jeannette (10-3) for the right to represent the section.

Leechburg (10-2) and Springdale (10-2) are deadlocked in Section II. Charleroi (8-2) dumped Redstone (0-9), 73-13, for the right to meet California (8-3) in Section VII.

Midland (8-2) and Monaca (8-2) will play off for Section IX. And Uniontown (12-2) will play South Union (12-2) for the Section X title.

## Titans Prepare To Meet Pitt

Clash At Farrell Saturday Will Be Highlight Of Card For Both Teams

The chips will be down for the Westminster College Titans Saturday night when they face their most important rival, Pitt, at the Farrell High floor. Indications are that a sell-out crowd will attend.

Westminster now owns a record of 13 wins and six losses. The season has not been entirely satisfactory but all will be forgiven if the Titans can be sent home on the short end of the score. The contest is one of four remaining on the season's card.

The Pitt-Westminster series highlights the campaign for both schools. Grover C. Washbaugh, Titan coach, feels it is a personal triumph when his cagers lace the H. C. Carlson coached boys. The " feud" between the coaches dates back to Washbaugh's first season at Westminster in 1937.

**Titans Hold Edge**

To get on Pitt's card, the Titans had to play the first five years at Pitt with no home games. After conceding to play at Westminster for several years, Carlson refused a home game with the Titans unless it was played at Farrell. Despite the handicaps, the Titans under Washbaugh have won 10 and lost eight.

Westminster's margin of victories has been whittled down considerably the past several years. Of the last six games, Westminster has won only one. In their first meeting this year at Pittsburgh, the home club won 50-41. The Titans held a five point lead with five minutes to go.

A Penn State ski enthusiast, 56-year-old Professor William F. Hall, never took up the sport until he was 49 years of age.

## County Baseball Loop Has Annual Winter Meeting

Seven Teams Represented At Pow-Wow; Three More To Participate In Circuit

Lawrence County Baseball League held their annual mid-winter "pow-wow" at the Castleton last night.

Representatives of seven teams that plan to play in the loop this summer were present. It was indicated that three more teams will seek franchises so that the league will operate with a full complement of 10 teams.

President Alex Samuels was in charge of the informal meeting that followed the dinner. The managers decided that a \$200 franchise would be requested again this year and that \$50 must be deposited by the next meeting, March 24. Several other matters were brought before the managers who will take final action at their next meeting.

**Coen Resigns**

Sheriff Frank Coen tendered his resignation as commissioner because of the duties of public office will not permit him to devote enough time to the baseball job. Coen made it clear, however, that he would help the league anytime that he could and that he would be available for concentration at any time. A new commissioner will be elected at the next meeting.

All representatives present seemed to be anxious to get the flannels out of mouth balls and the kinks out of pitching arms. The enthusiasm shown at last night's meeting indicates another successful season is on tap.

**Teams Represented**

In addition to Samuels and Coen, Treasurer Bernard Hanlon was on hand as was Jim Martin, secretary of the county circuit. Representatives present and their teams include Tony Pagley and Ed Leeper, Edenburg; Ed Diclanna and Samuel Ritz, New Galilee; "Peanuts" Demark and Bud Wardman, Wampum; Paul McElwain and Frank Mazes, Ellwood V.F.W.; Carl Ward and Jim Martin, Bessemer; Florie and Paul Botti, Koppel; Frank Rossi and Tony Mico, St. Lucys of Hillsville. Al Conti and Nick Rotundo of the Lawrence County Umpires' Association were present to discuss officiating problems for the coming year.

Other teams that plan to enter the league but did not have representatives at the meeting include Ellwood Moose, Johnson Bronze and Hillsville.

**C-I LEAGUE CARD**

Tonight's pairings in the C-I League at the "Y" finds B. & O. meeting local No. 69 at 7 o'clock, Pottery Local 3125 takes on El-Fitay at 8 and American Legion faces United Engineering at 9.

An all-Pennsylvania cast represents Penn State on the wrestling mats again this season.

## FIVE YANKEES

## ARE UNSIGNED

NEW YORK, Feb. 24.—(INS)—New York Yankee General Manager George Weiss is Florida bound today, but his object was not a southern sunning. Weiss was girded for talks with the last five remaining dissatisfied Yankee players. He planned to interview catchers Yogi Berra and Gus Niarhos and pitchers Vic Raschi and Tommy Byrne personally.

His traffic with infielder Bobby Brown, an off-season medical student at Tulane university, was expected to be telephonic only. Tuesday, outfielder Johnny Lindell accepted terms by telephone from his California home, becoming the 33rd Yankee to enlist for '49. The 32-year-old ex-pitcher hit .317 in 88 games last year.

## BELLOISE SEEKS FIGHT IN LONDON

NEW YORK, Feb. 24.—(INS)—Eddie Walker, manager of middle-weight boxing contender Steve Belloise, announced Wednesday that he is negotiating for a March 29 fight against British middle-weight champion Vince Turpin in London.

Walker said he was contacted by Promoter Jack Solomons last night and has wired his reply, stating contract terms.

In his last major fight, Belloise stopped Robert Villeman of France in his American debut.

Lehigh university wrestling teams have never been defeated by Syracuse, Lafayette or Rutgers.

## Bulgaria Rejects American Note Of Denunciation

**Abruptly Returns Diplomatic Note Handed To Bulgarian Government**

WASHINGTON, Feb. 24.—(INS)—The State department revealed that Bulgaria abruptly rejected a United States denunciation of charges that 15 Protestant pastors conspired with American officials in "espionage and treason."

The department said that an American note replying to the charges made by the Bulgarian government was delivered in Sofia Monday.

The Bulgarian foreign office returned the note to the U.S. Legation within an hour after its delivery. State department sources said this method of rejecting a diplomatic note is almost unprecedented.

The American note demanded the right to have U.S. representatives at the trial of the ministers and reserved other rights under the Bulgarian peace treaty. It also termed the Bulgarian charges "unfounded and ludicrous."

**Handed Note Back**  
Delivery of the note was made by Charge d'Affaires Sidney E. O'Donoghue. Within an hour, the Bulgarian foreign office summoned Raymond F. Courtney, second secretary of the U. S. Legation and handed the note back to him.

O'Donoghue's note said: "On instructions from my government, I have the honor to refer to the published indictment against 15 Protestant pastors in Bulgaria who are charged with 'espionage, treason and currency operations' involving United States government officials formerly on duty in Bulgaria."

"Such charges are unfounded and ludicrous. My government can only consider their formulation a blatant terroristic effort, in cyni-

cal disregard of the facts, designed to intimidate the small, respected Protestant religious denominations in Bulgaria and to discredit their sincere religious leaders.

"In the circumstances, my government reserves its rights under the treaty of peace with Bulgaria and requests that facilities be made available for representatives of the United States Legation to attend the trial."

## Sunday Violations Bill Is Introduced

HARRISBURG, Feb. 24.—(INS)—Stiff penalties for Sunday violations of the so-called 19th century "blue laws" were proposed today by Sen. George N. Wade (R) Cumberland.

Enactment would lay a heavy hand on the Sunday activities of pleasure-loving Pennsylvanians.

He introduced a bill, referred to the judiciary general committee, proposing to boost the \$4 penalty for participation in unauthorized Sunday activities to \$100 and the jail term from six days to 30 days.

In addition, Wade would include a provision allowing the commonwealth to confiscate the gross receipts of any place of amusement not specifically authorized by law.

## Former New Castle Man Assumes Post At East Chicago

EAST CHICAGO, Ind., Feb. 24.—Howard C. Rodgers, a native of New Castle, Pa., has joined the Youngstown Sheet & Tube company as superintendent of the tin mill finishing department.

Rodgers' training in tin finishing began at the age of 15 when he became a laborer in the New Castle works of the American Sheet & Tin Plate company. He worked as a roll grinder, brannerman helper, pool mechanic and tin house clerk, advancing to unit foreman.

Prior to coming here he was tin house and electrolytic superintendent for Tennessee Coal, Iron & Railroad company at Birmingham, Ala. The Rodgers live in Gary, and have a daughter, Mrs. Sally Rodgers Hamrick, in Charlotte, N. C.

## A TRIBUTE... TO 337 YEARS OF SERVICE To The New Castle Store And This Community

By These 12 Employees Who Have Been With Us From Twenty-Five To Thirty-One Years

TONIGHT:—Twelve New Castle Store Employees will cap another day's work with a dinner in a local tearoom, to look back over their 337 years of accumulated service to the New Castle Store and community, to toast and be toasted as the New Castle Store's Twenty-Fiver Club.

This New Castle Store tradition of toasting and honoring the friendships and achievements of those who have been with us for 25 years or more, grew out of our pride in the long term loyalty of our co-workers. But our proud feelings tonight will be stronger than our store's strongest asset contributing greatly in this store's success throughout the years.

**HOT!**

All the Hot Water you want... *Electrically!*

What a pleasure it is to have plenty of hot water whenever you need it. Once an automatic Electric water heater is installed you'll enjoy the full comfort and convenience of an abundant supply of hot water.

Electric water heating is economical, too. Automatic controls shut off current when storage water reaches the desired temperature. The perfectly insulated tank keeps it hot until ready for use.

See the Electric water heater at your appliance dealer's. He will recommend the proper size for your family needs.
